TUESDAY, JANUARY 19, 2021, 10:00 A.M. 1 ---000---2 3 CHAIRPERSON FREED: Good morning, everyone. 4 would like to call the subcommittee meeting to order. It is 10:01 a.m., and I will ask PEBP staff to call the roll. 5 MS. LUNZ: Laura Freed. 6 7 CHAIRPERSON FREED: Here. 8 MS. LUNZ: Betsy Aiello. 9 MEMBER AIELLO: Here. 10 MS. LUNZ: Michelle Kelley. 11 MEMBER KELLEY: Here. 12 MS. LUNZ: And Tim Lindley. 13 MEMBER LINDLEY: Present. 14 MS. LUNZ: And we have a quorum. CHAIRPERSON FREED: Thank you. Let's move to 15 Agenda Item 2, public comment. 16 17 UNIDENTIFIED SPEAKER: Thank you, ma'am. Good For those of you that have joined for public 18 morning. 19 comment, your name or the last three digits of the phone number will be announced and advised that you have been 20 unmuted. As a reminder for those on the phone, press star 21 22 six to unmute. Please slowly state and spell your name for 23 the record and then proceed with your comments. As a time 24 consideration, each caller will be limited to three minutes. CAPITOL REPORTERS (775) 882-5322

CHAIRPERSON FREED: May I interrupt for a second?

Staff, I think you might be on the wrong slide. There we go.

Thank you.

UNIDENTIFIED SPEAKER: 837, your line is now unmuted.

MR. ERVIN: Good morning, Chair Freed, Executive Officer Rich, and Committee Members. Thank you for your work on improving the PEBP board's oversight and contracting procedures. This is Kent Ervin, E-r-v-i-n, for the State Nevada Faculty Alliance for the record.

Thank you for your work on improving PEBP's board's oversight of contracting procedures in response to the critical overview and review of the legislative audit.

The new draft is an improvement over past practices.

Participation by board members on evaluations committees for request for proposals for major contracts should be more strongly encouraged by the policy. Not having board participation and buy-in during the confidential evaluation process risk having objections brought up by board members only after a contract is fully negotiated.

If the board acts to cancel an RFP only after the contract has been fully negotiated, PEBP as an agency will have created a liability of appearing to have negotiated in bad faith. That could be prevented by having the board CAPITOL REPORTERS (775) 882-5322

approve the notice of intent to a board per Nevada

Administrative Code 333.170 Subsection 1 instead of only
approving the notice of award for NAC 333.170 Subsection 5,
which is at the stage just before the board of examiners.

Besides the sections on contracting, the duties, policies, and procedures document needs substantial revision to serve as an effective statement of board policy, especially as it regards the rate-setting process and state employer contributions. Those areas are vague, incomplete, or confusing. I strongly encourage a thorough revision so that the document accurately documents the procedures for both board members and the public. Thank you very much and thank you for your work.

CHAIRPERSON FREED: With that, we'll move to Agenda Item 3, discussion and possible action on changes to board policies and procedures related to PEBP's corrective action plan submitted to the LCB audit division as it pertains to contracting.

So I hope that the subcommittee members have all had a chance to read and digest the latest red line version of the contracting sections of the board's duties, policies, and procedures. And, in particular, section three, contracts beginning on page ten listed needed changes on page 11.

I'm going to open this up for comments, CAPITOL REPORTERS (775) 882-5322

1 reactions, corrections, discussion.

MEMBER AIELLO: This is Betsy. And I think my first comment might be not as controversial as some of the other discussions we may be having. But I'm still trying to understand if the green part, the executive officer shall solicit the participation, relates only to routine administrative contracts or if it should have its own letter or if it really does have its own letter B but the way the underlying looks it doesn't look like it. I'm guessing that's a question for you, Michelle Weyland.

MS. RICH: Actually, Betsy, this is Laura Rich.

Yeah, sometimes when you do these red lines in -- it just
looks funky, but when you actually accept changes, it will
look a lot better. The formatting will eventually. I
promise the formatting will look great after all is said and done.

MEMBER AIELLO: So that section is Section B and it's not just related to the administrative contracts then; correct?

CHAIRPERSON FREED: Correct. This is Laura Freed. That's the way I read it, yes.

MEMBER AIELLO: Okay. Good. Then I'm happy to start with Section C. And I appreciate understanding the NRS Section 333.335, because when I read it, it's saying the list CAPITOL REPORTERS (775) 882-5322

of items that is done in a procurement is either done by the chief of the using agency, which would be us, or a committee appointed by the chief but not duplicated by both. And I'm wondering that the way this is written that it's saying some of those activities are duplicated then. And so I'm thinking that Section C is a bit duplicative and we wouldn't want both the chief and the committee to be doing those, if I'm reading it correctly.

MEMBER KELLEY: Michelle Kelley here for the record. I know that Michelle Weyland was playing with the shared screen earlier, and I wonder if we -- if it wouldn't be more conducive to a good conversation to actually see the sections that we're talking about on the screen for all of us. I just think it might be easier. Thank you.

So, Betsy, you were talking about?

MEMBER AIELLO: I'm talking about B, procurement process, B-2-C. I believe it is the language maybe that you wrote, Michelle, for all of the contracts including any that involve the procurement, services or actuarial services, the board delegates ministerial and administrative duties as chief of the using agency but the board retains the power and duty as chief to approve scope of work, to appoint members of the board to the evaluation committee, et cetera. But the NRS 333.335, the chief of the using agency or a committee CAPITOL REPORTERS (775) 882-5322

1 appointed by the chief develops this solicitation.

And so I do believe that that might be duplicative, unless I'm just reading it wrong. I think it's either the chief of the using agency or a committee, but not both, do some of those things.

MEMBER KELLEY: So this is our procedure; right? So while we follow the NRS, this wouldn't be read in conjunction with. So NRS obviously wins. But I'm reading this as just that the board is the ultimate responsibility and is going to be involved in, I guess, you know, approving the scope of work, basically approving the contract.

MEMBER AIELLO: I'm sorry. This is Betsy. But I think that could put us at some legal risk because of the committee. I mean, if the evaluation committee needs to do everything, including negotiating the contract and all of that, then we come in at the end. And I think this is saying we come in more. Maybe I'm reading it wrong. So I'll just stop with my comment there and let someone else.

CHAIRPERSON FREED: This is Laura Freed. I would like to have the deputy attorney general respond to Betsy's observation, please.

MS. MOONEYHAN: Sure. We're looking at Subsection C; is that right?

MEMBER AIELLO: Yes. And maybe I can be clearer. CAPITOL REPORTERS (775) 882-5322

I'm not sure it's -- If the board is delegated already to an evaluation committee, I don't think it's the board's role to prove the notice of award, because I think that's the evaluation committee process through purchasing. And the same with the duty of negotiating it. So that's where I'm going to stop.

MS. MOONEYHAN: Yeah, I think you're correct about that. I think that having talked a little bit with the purchasing division, I do believe that to be in compliance with Chapter 333 that the committee that has been delegated the duty of reviewing the proposals and that sort of thing the NRS, of course, sets forth at the end of the day the full board can decide not to proceed with the contract, but the full board is not -- is not -- it's not contemplated that it will be involved at this level of negotiations and those procedures. So I think you're right.

CHAIRPERSON FREED: Okay. Thank you,

Ms. Mooneyhan. This is Laura Freed -- I'm sorry -- for the

record. All right. So what if we, in view of the

intersection of this document and NAC 333.170, what if we

changed it to -- Okay. For all other contracts including any

that involve procurement of services to PEBP members or

actuarial services, the board delegates ministerial and

administrative duties as chief of the using agency to the

CAPITOL REPORTERS (775) 882-5322

executive officer, but the board retains the power and duty as chief of the using agency. And then we delete to approve scopes of work for RFP's and then pick up with to appoint members of the board to evaluation committees. Does that satisfy -- Does that enable this document to be read harmoniously with NAC?

MEMBER AIELLO: This is Betsy. I think we would

MEMBER AIELLO: This is Betsy. I think we would also have to eliminate and to approve notices of award.

CHAIRPERSON FREED: That too, yes. Thank you.

Okay. Okay. So using agency to appoint members of the board to evaluation committees pursuant to NAC 333 -- Excuse me -- NRS 333.335 period. The next sentence, the duty of negotiating and administering the contract is delegated to the executive officer.

MEMBER KELLEY: It's Michelle Kelley here. At the last meeting I thought that the subcommittee agreed that we would delegate contracts up to that hundred thousand dollars, which is documented above, to the executive officer. And that for contracts that, like, obviously that are over a hundred thousand but specifically have significant impact to our participants that we did want to be able to review scopes of work and -- So what I'm saying, I just want it to be really transparent here. So with the changes to C and with what the deputy AG has indicated, once the PEBP board CAPITOL REPORTERS (775) 882-5322

approves -- Basically we're approving money for a contract and we appoint the subcommittee, we have no further control. Is that kind of what you're saying the NAC says?

CHAIRPERSON FREED: This is Laura Freed. I don't think we would -- are advocating our duty to review scopes of work. I think we, in order to make this conform to regulation, we are saying that it's not the place of the board to approve scopes of work for RFP's unless we're one of those people on the evaluation committee. Correct me if I'm wrong, Ms. Mooneyhan.

MS. MOONEYHAN: No. I agree. I do think that the full board at the end of the day does have authority, of course, too, if they don't like the -- The full board is there at the beginning of the process to say we know you're going to be pursuing this and this is kind of what we're looking for. But in terms of writing up the details, that is a delegated duty.

And then at the end of the day if the full board, once this is all developed, the full board always has the authority to reject the award. But it does not -- it's not contemplated that it will be involved in that level of detail of approving the scope of work while it's being worked out and negotiated with the vendor.

MEMBER KELLEY: So if we remove that from C, CAPITOL REPORTERS (775) 882-5322

which is what's being discussed right now, no where in the policy does it talk about that responsibility for the board, I guess, is my concern. So right now they're talking about the intent. Ms. Mooneyhan, you talked about the intent. But if it's not in our policy, then in two years time are we going to be back doing this again because different board members, different chair, wants different control? And will it ever get done or will the policy be if it's not in the policy we can't do it. So I think it needs to be documented.

MEMBER AIELLO: Michelle, this is what I think I'm trying to say is that when PEBP comes to us and says we need a contract for -- And I'm just making stuff up -- case management to cover some of our high cost medical things, the board would talk about maybe the high cost medical things and what diagnoses, but we would not write or approve the actual scope of work, which may go to the once someone has agreed to be case managed, you call them once a month and then you offer -- because the scopes of work sometimes are that intense and are 500 pages. So we're approving a scope that a -- that we want a contract for and are willing to pay money for, but then we delegate the actual development of the in-line, the line-by-line scope that gets released for bidding to purchasing and the committee that they run. Or we don't have to. The chief of the using agency or committee CAPITOL REPORTERS (775) 882-5322

appointed by the chief. But I don't believe that the board as the chief would want to do that level of all the contracts.

So I think that actually approving the scope of work, what we're doing is saying we want this type of thing for this type of money. But the actual scope we aren't approving. And I think that's where the disconnect is, in my mind.

MS. RICH: So this is Laura Rich. Michelle, I think something that might I guess make you feel better about this process is that -- And I think in another section we address it. So, as board members, our approach to participate on any of these solicitations, they are invited to participate not just in being on the evaluation committee but also in developing that solicitation. So that would be any board member who is -- who does want to participate in that solicitation has the ability to provide input in to scope of work and things like that as we're developing that solicitation. I don't know if that helps.

MEMBER KELLEY: You know, I think it helps. And, you know, I really want to reiterate that for me some of this is the transparency, right. So I guess my concern is now that RFP's are confidential and developed behind closed doors and released and reviewed behind closed doors, how does the CAPITOL REPORTERS (775) 882-5322

Nevada public actually get to see what contracts and the detail of the contracts we're issuing?

And, Betsy, thank you for the case management. You know, I've never done an RFP proposed, management. I have never seen a scope of work that is 500 pages, so I'll just put that out there. And, no, I would not be thrilled to be reviewing a 500-page scope of work.

MEMBER AIELLO: Having worked for Medicaid, oh, my God, our scopes of work are unbelievable, just so you know.

MEMBER KELLEY: Right. You know, I wasn't discounting what you said. But I do think the scopes of work tell the committee or tell the board, I'm sorry, exactly what's been put out to contract. So I don't know that it's 500 pages. But I do think the committee has a duty to understand what's being put out for bid.

And, so, you know, I don't know what the solution is to that, but I do think the public has a right to know what contract, you know, the bullet points of the contract that's being put out to bid. And that's, you know, I think that's where I'm coming from. Because, otherwise, all of it is secret and we have these contracts out there that nobody is fully sure of what they include.

So, I'm happy for modifications to that section, CAPITOL REPORTERS (775) 882-5322

but I just want to ensure that a scope of work either in
bullet point form or in some form gets discussed or at least
added as an information item to board meetings.

MEMBER AIELLO: This is Betsy again. And correct me, someone, because I'm going from my memory. But once the RFP is released for entities to develop their bids, the RFP itself is public; right?

CHAIRPERSON FREED: Yes. I'm sorry. This is Laura Freed. Yes, correct.

MEMBER KELLEY: Right. But that assumes people are -- I mean, yes, that's true. But I'm not sure that that serves the purpose that I'm talking about. Because at that point, you know, the public or employees or employee groups don't have an opportunity to kind of opinion on what we're soliciting.

So -- And then further to that, I guess, you know, the other part of this discussion was kind of removing that the board has the duty to approve the contract. So -- So if we remove that from the policy, where does the board retain the right to review the three -- You know, obviously we can't modify things, but we do have the right to say something went wrong with the RFP, we're not issuing the contract. So where in the policy is that outlined?

MEMBER LINDLEY: Tim here. I have a couple of CAPITOL REPORTERS (775) 882-5322

questions and it's just procedural. And this may help. Do you mind if I kind of open up a dialogue? Maybe the executive director, Ms. Rich, may be best for that.

So PEBP generates a request for RFP. They want to do a proposal for case management, right? You present that to the board and the board approves it; am I correct?

MS. RICH: That is correct, Mr. Lindley.

MEMBER LINDLEY: Please work with me here. When you present that, you kind of give a gist or a summary of what the proposal is; right?

MS. RICH: Yes. We try to present the board with general information about what that solicitation will include. We do not get in to the details of it. Generally, when this is first presented to the board, it is in the very early stages of, you know, the solicitation rates. So we bring to the board, this is -- this contract is expiring as of such and such date, we need to start working on a plan to, you know, to get a new contract in place so that we can initiate that contract when this other one expires.

And, so, typically, when it's brought to the board at the beginning, it's basically just this is what the service is, we need to find a replacement, because the contract is expiring on X date.

MEMBER LINDLEY: Exactly. Okay. And then if CAPITOL REPORTERS (775) 882-5322

there's a problem where a contract is needed or there is a vendor needed for a problem, you say, hey, here is our problem, can we go out for a solution; is that correct? Am I correct in thinking that?

MS. RICH: Correct.

MEMBER LINDLEY: All right. And so at that point I would say to Michelle Kelley's questions is the public is notified that there is an RFP out. And during the last subcommittee meetings, if you look at page 12, Subsection C, amendments, it says, you know, in a nutshell, the board shall review and discuss all contract extensions, solicitation waivers, approve justifications. But we've also gone in to more detail with appropriate checklists.

And then I think that -- I can't seem to find it off the top of my head. But we go through current outstanding contracts. And maybe the director can help me out.

CHAIRPERSON FREED: This is Laura Freed. I think you mean 3-A-2, there shall be a standing item on the board meeting agenda to review the status of current contracts and active RFP's.

MEMBER LINDLEY: To me that also informs the public that there is an RFP out there, the details are public, and anyone who tunes in is made aware through that CAPITOL REPORTERS (775) 882-5322

alone as well. And I hope that answers Ms. Kelley's questions. And I appreciate you working with me, Ms. Rich, on those kind of -- that discussion on how the process works.

MS. RICH: I would also like to add -- This is

Laura Rich. I would like to add that the development of
scope and the development of the RFP in general, we don't
want to do that in public because it's -- it's not
something -- you don't want to give vendors the opportunity
to, you know, to prepare or to, you know -- or give anyone
the -- any sort of advantage in a solicitation.

So this is typically done behind the scenes. And PEBP works with subject matter experts. We have -- We elicit the services of many of our vendors, et cetera, et cetera. And so a lot of this is done behind the scenes. And then when that solicitation is finalized, it actually does get final review through the purchasing division and posted via the purchasing staff through that -- the purchasing division.

So I caution against doing anything publically as far as scope goes and the development of that RFP publically.

MEMBER LINDLEY: Tim here. So that's kind of why
I said, you know, PEBP presents a problem. We have a
contract ending or we have an issue that we don't have a
contract for, we're going to submit an RFP to solve this
problem, such as a new contract or getting an extension, et
CAPITOL REPORTERS (775) 882-5322

cetera.

I cannot go in to the minutia of an RFP line by line item details and write out an RFP because that's what you are for, PEBP is for, is to do that legwork. But when the RFP does go public, we can review it, and maybe there's a board member on the review committee who can say, hey, does this RFP satisfy our needs or the problem presented. And that's kind of where I'm going for on clarification.

MEMBER KELLEY: So the policy is silent on that. So in C, I think what Betsy was saying was basically C, remove all the language, so what would be left is for all other contracts, including any that involved the procurement of services to PEBP members or actuarial services, the board delegates ministerial and administrative duties as the chief of the using agency to the executive officer but the board retains the power to appoint members to the board to evaluate committees subject to 333.335. That's it?

So essentially what the policy will say all the board does is select the committee or approve the selection of the committee and then we're out. So I'm not sure if you go down to D that specifically my interpretation of D is that it's specifically talking about contract amendments. It's not talking about new contracts because it says seeking to amend contracts.

CAPITOL REPORTERS (775) 882-5322

```
So, really, you know, Tim, I agree, we don't want
1
 2
    to review 500 pages. I think my intent is just so that
    before -- my intent was only that the committee would be
 3
    clear that a contract has been issued and what it involves.
 4
    And so if that is -- You know, Ms. Rich has said that that
 5
    will happen. Where can we document it?
 6
                Because a policy is meant to be the road map to
 7
    how we do things. So, you know, like if we leave lots of
8
9
    blanks, then it's open to interpretation. So, really, I
    just -- I agree with that, but it's not documented.
10
                MEMBER AIELLO: So this is Betsy. Michelle, for
11
12
    D, and everyone else, should we add, when seeking new or to
13
    amend contracts, so add the word new or to D?
                CHAIRPERSON FREED: This is Laura.
14
                                                     I'm open to
           But, again, I want to make sure that that doesn't run
15
    that.
    afoul of the instructions in NAC 333.
16
                So, Ms. Mooneyhan, is that something that we
17
    could do without every member of the board having to be on
18
19
    the evaluation committee and therefore it be, you know, privy
    to the confidential proposals and that sort of thing?
20
                MS. MOONEYHAN:
                                I guess it -- I will reconsult
21
22
    NAC 333.
              But I think it kind of depends on -- Well, it has
23
    in there that the, you know, providing detailed information.
24
    I guess part of it is the definition of that.
                  CAPITOL REPORTERS (775) 882-5322
```

understand purchasing instructions, then definitely the board is aware there's a contract, you know, being negotiated, what's going on. There are members of the full board that are on the committee that are evaluating and they could definitely hopefully represent the full board's concerns to the extent, you know, they can. And then, of course, the full board will ultimately see the result.

But I do think that -- And, again, I am going to double-check as you talk. But I do think that would be consistent with the NRS provided that maybe there's a definition of what is detailed information or maybe as detailed as information as possible under the statute or something like that, just because I don't want the policy to conflict with the statutes and purchasing desires.

CHAIRPERSON FREED: Okay. Okay. So let's hold on C for now. The executive officer shall ensure that accurate and detailed information -- something like as far as law and regulation permits is provided to the board and other governing bodies when seeking to bid new contracts and amend existing contracts, something like that.

Also, I think that this is just me being a prig about the whole thing. I think this is as written kind of an awkward sentence. I had suggested in my own notes to myself move up supporting documentation. In other words, the CAPITOL REPORTERS (775) 882-5322

executive officer shall ensure that accurate and detailed information and supporting documentation, again, as far as the law permits is provided to the board and other governing bodies when seeking to bid new contracts and amend existing contracts. Something to that effect.

Okay. How does everybody feel about that? Thank you, Ms. Weyland, for making those edits.

MEMBER AIELLO: The edit about the law isn't in there yet. Or the executive board, should it be within the rules of NRS or within something like that?

CHAIRPERSON FREED: Yeah, let's see. This is

Laura Freed. The executive officer shall ensure the accurate

and detailed information, supporting documentation -- I would

suggest within the bounds of statute and regulation and set

that off as a comma subclause out there. Provided to the

board and other governing bodies when seeking to bid new

contracts and amend existing contracts. What do you guys

think?

MEMBER AIELLO: That sounds good to me.

Michelle, it's a comma after documentation.

CHAIRPERSON FREED: Okay. Again, this is Laura Freed. Okay. So in order to conform to the administrative code as we've been advised by the DAC, I think we do need to delete approved scopes of work for RFP's and approve notices CAPITOL REPORTERS (775) 882-5322

of award, because that is the purview of the selection, the 1 2 evaluation committee in concert with the purchasing division 3 running the solicitation. MEMBER LINDLEY: Tim here. Laura, yeah, I agree. 4 MEMBER AIELLO: And this is Betsy. I agree also. 5 CHAIRPERSON FREED: This is Laura Freed again. 6 7 And then leave the sentence, the duty of negotiating or 8 administering a contract is delegated to the executive 9 officer. It's Michelle here. 10 MEMBER KELLEY: I don't But if that's what purchasing and the DAC is saying 11 agree. 12 the statute says, then I can't argue anymore. MEMBER AIELLO: Michelle Weyland, were you going 13 to make those edits on line here? 14 CHAIRPERSON FREED: Thank you, Betsy. 15 This is 16 I was just going to ask Michelle Weyland to make Laura. 17 those. 18 MS. WEYLAND: If you can provide me exactly where 19 you want them, that would be --20 CHAIRPERSON FREED this is Laura. Okay. So okay. After chief of the using agency, delete to approve scopes of 21 22 work for request for proposals, delete that one, about six

CAPITOL REPORTERS (775) 882-5322

And then delete and to approve notices of award.

To approve scopes of work, right.

So delete

23

24

lines down there.

the rest of that sentence. And then just put a period after 335.

Okay. So let's give it a read. For all other contracts that, including any that involve the procurement of services to PEBP members or actuarial services, the board delegates ministerial and administrative duties as chief of the using agency to the executive officer, but the board retains the power and duty as chief of the using agency to appoint members of the board to evaluation committees pursuant to NRS 333.335. The duty of negotiating and administering the contract is delegated to the executive officer.

Next section. The executive officer shall ensure that accurate and detailed information and supporting documentation within the bounds of statute and regulation is provided to the board and other governing bodies when seeking to bid new contracts and amend existing contracts.

How does everybody feel about that? Clear enough expression of the intent?

MEMBER KELLEY: It's Michelle here. So it's clear. So just a question of clarification again. So the board has no role in the final approval of contracts anymore? Is that what the NAC says? So basically once we appoint the -- I just want it to be clear. So once we appoint the CAPITOL REPORTERS (775) 882-5322

committee, we're done, and the PEBP officer will come back or 1 2 the executive officer will come back once all is said and done and tell us who was awarded the contract and whatever 3 4 other information. But that would be after the contract is issued; is that correct? 5 CHAIRPERSON FREED: This is Laura. 6 No, that is 7 If you turn to page 12, top of page 12, the not correct. board shall review the results of any evaluation and 8 9 proposals for a contract board program pursuant to NRS 333.335 in closed meeting. And then we added the executive 10 officer will provide an appropriate checklist to assist the 11 12 board. And then in an open meeting, down there on five, the 13 board awards the contract but the board gets sufficient documentation to ensure justification for the recommendation 14 15 made by PEBP management. 16 MEMBER KELLEY: Okay. Thank you. 17 CHAIRPERSON FREED: Okay. All right. Again, 18 this is Laura. All right. Other comments on page 11 edits? 19 Shall we move to page 12? Okay. 20 MEMBER LINDLEY: Hey, Tim here. CHAIRPERSON FREED: All right. 21 22 MEMBER LINDLEY: Page 11-C, one thing that kind 23 of bothers me is the repetition of the words chief of the 24 using agency. I hate to be a stickler, but that bothers me. CAPITOL REPORTERS (775) 882-5322

CHAIRPERSON FREED: Did you want to delete that 1 2 second as the chief of the using agency? MEMBER LINDLEY: I don't know what it is. 3 Because we have Section A, right, the board delegates the 4 role of chief of the using agency to the EO for routine 5 administrative contracts under a hundred grand. Cool, I like 6 that. But then we're kind of saying we delegate ministerial 7 and administrative duties but then the board retains the 8 9 power and duty of chief. It bothered me. I don't know why. 10 Spitballing a fix, I would just say put the board retains the power of duty of -- put that under its own 11 section. Make that, like, Section E. 12 CHAIRPERSON FREED: So, in other words, move that 13 to a separate sentence, D, and then this next one becomes E? 14 15 MEMBER LINDLEY: Yeah. 16 CHAIRPERSON FREED: All right. I'm okay with 17 that. 18 MEMBER LINDLEY: And then the duty of negotiating 19 and administering the contract -- contracts, delegated to the EO, put that under its own section. Because, I mean, I would 20 say it's pretty common sense that the EO does the negotiating 21 22 for almost all the contracts, am I correct? 23 MS. RICH: You are correct, yes. 24 MEMBER KELLEY: So it's Michelle here. I quess CAPITOL REPORTERS (775) 882-5322

if we're making further edits to this section, because it is meant to be an overview of the procurement process, can we move the language on section -- on page 12 that Chairperson Freed indicated earlier, can we move it as a bullet point under here as well? It was going to be D maybe. Because that kind of outlines the board to have another role to play. At the moment the overview of the process doesn't really indicate that.

So I'm not saying any language change. Just perhaps move that particular section that's on page 12 over and make it a separate bullet point on this section. That's the overview of the procurement process.

CHAIRPERSON FREED: Ms. Weyland, this is Laura Freed. Can you scroll up a tiny bit. I keep trying to scroll up on my screen. A little bit more. That's okay. That's good.

MEMBER AIELLO: My question would be, just to be sure, that all of this that we are outlining under two, the board shall act as the chief of the using agency for the purposes of NRS 333.335. Would the board approving the contract be part of the NRS 333.335 or do we need to add another NRS there to move that up there?

I think number two is supposed to specifically be related to that NRS. I was going to try and open it up, but CAPITOL REPORTERS (775) 882-5322

1 then I thought I would mess up my Zoom.

CHAIRPERSON FREED: This is Laura. Betsy, can
you restate the question? You lost me there.

MEMBER AIELLO: Okay. Number two where we have this A, B, and C, it's strictly related to NRS 333.335 in the first sentence there. So all the A, B, C, and D shouldn't be the whole board process but should be the board process, in my mind, as related to NRS 333.335.

CHAIRPERSON FREED: I concur.

MEMBER AIELLO: And then number three or four or something can come from some of the other regs too. So if we were to move that area up, we need to make sure it relates to that NRS or we add another NRS there. And I'm afraid to try to open up the web to get to NRS's right now.

MEMBER KELLEY: So it's Michelle here. So, on page 12, point four and five specifically refer to NRS 333.335. So four is where the board is reviewing the results in a closed meeting and then five is taking actions in an open meeting. And both refer back to 333.335. It's really --

21 MEMBER AIELLO: You're right. That's true.

MEMBER KELLEY: Honestly, I think it's just a flow question now, because these two specifically relate to the overview of the process. So the here in here, you know, CAPITOL REPORTERS (775) 882-5322

since we were kind of adding things here, it would be appropriate to have them in this section. But if the

committee doesn't desire, that's fine too.

- MEMBER LINDLEY: Tim here. I cut out about five
 minutes ago. Michelle, can you scroll up to page -- Yeah,
 there you go. I'm sorry to go back because I was cut out for
- Section C, the duty of negotiating and

 administering a contract that's delegated to EO, could that

 be Subsection F below E?
- 11 CHAIRPERSON FREED: To the extent that -- Yeah,
 12 to the extent that it applies to the routine administrative
 13 contracts, as we specified in A, as well as bigger contracts
 14 that are services directly of PEBP members, I think, yeah,
 15 that's fine.
- MEMBER LINDLEY: Because we as board members
 don't do the negotiating.
- 18 CHAIRPERSON FREED: Right.
- 19 MEMBER LINDLEY: So I would say make that its own
- 20 letter.

3

7

a minute.

- 21 CHAIRPERSON FREED: Okay.
- MEMBER LINDLEY: And then, of course, clean that

 up. The duty of negotiating and administering contracts is
- 24 delegated. That's all from me right now.

 CAPITOL REPORTERS (775) 882-5322

CHAIRPERSON FREED: Okay. This is Laura again.

Okay. Are we ready to roll on to four, five, six, seven, and eight?

MEMBER KELLEY: I guess so.

CHAIRPERSON FREED: Okay. So, again, we've got the board shall review the results of any evaluation of proposals for a contract of a program pursuant to 333.335. There's that statute again. With the added language, the EO will provide an appropriate checklist to assist the board in their review of the RFP in that closed meeting.

Then it specifies under five the actions that can be taken only in an open meeting, award the contract, cancel the RFP, modify and reissue the RFP. And then, again, the board shall review sufficient documentation to ensure justification for the recommended actions and validation of the recommendations by PEBP management.

I have to say I feel comfortable with this added language because it sort of reminds all the board members that your job is not to just be passive about whatever contract item the executive officer and her staff bring to the board but to ask questions in a closed meeting and have as spirited a discussion as possible in the open meeting.

MEMBER AIELLO: This is Betsy. I agree. And I know this is for longer term for when there's other boards.

CAPITOL REPORTERS (775) 882-5322

But, from what I see of this board, I don't see a lot of passiveness, so that's good.

CHAIRPERSON FREED: Yeah, concur.

All right. Rolling on to six, seven, and eight, we didn't make any changes to six or seven, just sort of a re-number there.

Okay. So, number eight, the board shall oversee significant scope modifications and ensure a competitive bid process is followed for but not limited to changes in scope of the competition or vendor status, changes that were not within the contemplation of the parties when the original contract was entered, changes that materially -- That should be alter, not alters, the contract, changes in the function of the item or the type of work. You guys are going to have to refresh my -- I know you guys explained what that means to me last time and I don't remember. And I'm not sure anybody reading this document cold would know what that means.

So, anyway, changes in the quantity of major items or portions of work or historically procured services under a separate contract.

Thoughts? Feelings? Are we good with this?

Laura, can you tell me what function of the items or type of work is? I cannot honestly remember. Sorry.

MS. RICH: And this is Laura Rich. I honestly CAPITOL REPORTERS (775) 882-5322

cannot remember either. Michelle, do you remember what -- I know someone gave an example of this at the last meeting and for the life of me I can't remember it.

MS. WEYLAND: Actually, I gave examples for one of the -- Oh, yeah, for F. All of these items came out of the internal audit as a list of things to be aware of. I am attempting to, in my mind, understand what they would have meant by function of the item or type of work.

CHAIRPERSON FREED: I mean -- This is Laura. I mean, you know, so much of this is captured in C. There can be many, many kinds of changes that materially alter the contract. So I'm not sure -- Unless somebody can give me a hard example of what a function of the item or the type of the work is without actually having to call and consult with LCB audit, I'm not sure it's necessary. But I'm extremely open to counter-arguments about that.

MEMBER AIELLO: Well, this is Betsy. Whether necessary or not, if people really don't know what it means, it's not good policy. I mean, it may need to be stated differently or something. But when policy is written, if people can't interpret it, that's kind of a problem.

MEMBER KELLEY: So it's Michelle Kelley here. So just reading through the list, what pops to my mind when I see -- when I review D is when contracts are -- when work is CAPITOL REPORTERS (775) 882-5322

changed due to technology, right, especially in the benefits world where they're introducing new platforms, new ways to do things where it could change the way things are done or it could combine different items of work, that's what I think they're referring to in changes in the function of the item is actually factoring those -- the movement of technology, the change in processes and that kind of thing, rather than vendors. So it's work-related, not vendor-related.

CHAIRPERSON FREED: Okay.

MEMBER AIELLO: So here would be my statement though. If you have a vendor that's paying your claims and they've made a significant improvement in their claims computer system, I don't know that if that's what they were doing, we would want to have to ensure a competitive bid process was followed if it's within the current contract, if that's what you're saying, Michelle.

MEMBER KELLEY: Well, I think it would only come to the board if they wanted to change the contract because of the changes in the work load, if you will. So if the scope of work was -- if they were still providing all of the same functions under the same contract and the same terms, I don't think it would even be an issue. It would be an issue if mid-contract, you know, we needed to change things to keep up with that scope, to keep up with the way things are done. If CAPITOL REPORTERS (775) 882-5322

it fundamentally changes, the competition for the bid
potentially changes as well, right.

5

6

7

8

9

- MEMBER AIELLO: That makes sense. That makes 4 total sense to me.
 - MEMBER KELLEY: It's not my language. But after, you know, being involved for so long, things like, especially with technology, things change. And unless kind of we're thinking about it, we don't think about the changes to the contract that might follow. So that's --
- 10 CHAIRPERSON FREED: This is Laura. So could we
 11 change that to something like changes in the technology
 12 utilized to accomplish deliverables or scope of work or
 13 something?
- MEMBER AIELLO: This is Betsy. Again, I'm not sure that any of that is not included in number C.
- CHAIRPERSON FREED: Well, right. I mean,
 there's -- Right. Or we could strike it. I mean, I don't
 know. If you guys want to -- Betsy, are you discussing to
 strike D, that's fine.
- 20 MEMBER AIELLO: Possibly. Unless we get more 21 clarification from the audit team and it's able to be written 22 in a way that there's clarity for everyone.
- 23 CHAIRPERSON FREED: This is Laura. I'm going to
 24 go out on a limb here and say that LCB audit is not going to
 CAPITOL REPORTERS (775) 882-5322

commit to giving us a hard example of what their audit means.

Just tossing that out there. Knowing what I know about the

counsel bureau.

MEMBER KELLEY: I would support removing it, I guess striking it. I do think that LCB was probably just giving a list of things that they observed in their order and so it's worth keeping it in mind of the things that the report generally might be supportive of striking. Because I do think material changes to the contract pretty much captures everything.

CHAIRPERSON FREED: Okay. I concur with that.

Okay. So let's strike D and then go. There we go. All

right. I think the rest of it is pretty good. I don't know
about you guys.

Okay. Hearing no great outcry, I guess we'll move to Section C, amendments. The board shall review and discuss all contract extensions and ensure extensions receive all required approvals, i.e., solicitation waivers, appropriate certification, and documentation. The executive officer shall provide appropriate checklists to the board in order to assist the board in their evaluation of the amendment.

I like this a lot because it heads off some of the problems noted specifically in the audit that were CAPITOL REPORTERS (775) 882-5322

quantified by LCB audit, the number of contract extensions
over a period of some fiscal years, which was not great.

So, just keeping the board, especially as Betsy has noted, this is a relatively active board, and keeping the board apprised under that standing agenda item of pending amendments would probably stimulate at least this particular board to ask some probing questions.

8 MEMBER KELLEY: Michelle here. I'm supportive of 9 that section.

10 CHAIRPERSON FREED: Okay.

11 MEMBER AIELLO: I agree.

CHAIRPERSON FREED: Okay. Thank you. So this kind of brings us to the end. So having been through all of the changes to the procurement and contract amendment process under Section 3, are we ready to vote to recommend this red line to the full board?

MEMBER AIELLO: This is Betsy again. My understanding was the other was already voted to go to the full board, the bottom part. But I have to be honest, I don't understand all of the bottom part. So when we're amending, we're talking specifically, I'll make a motion specifically about the contract section, if that works, because that's what I'm comfortable with.

CHAIRPERSON FREED: Betsy, this is Laura. Yes, CAPITOL REPORTERS (775) 882-5322

we can absolutely separate -- And by bottom part you mean everything that's not section three; right?

MEMBER AIELLO: Yes. Because I honestly don't know the difference about 95 percent to some of the other things written in there unless I was given some education about that. I don't feel comfortable voting on something I don't understand fully. I'm sorry.

CHAIRPERSON FREED: This is Laura. No, don't be sorry. Gosh. The scope of this subcommittee is only to deal with the LCB audit. So, you know, I don't believe it is -- it is necessarily appropriate unless the executive officer and the DAC disagree with me about this one to take a motion about the red lines to this document that are related to the rate setting and some of the policy decisions about, you know, subsidization policy and other things that we talk about at past board meetings.

So I would like to keep this narrowly on the scope of the audit, which means section three contracts. So if you're comfortable moving to recommend the changes as we discussed them today to the full board, I'm comfortable taking a vote on that.

MEMBER AIELLO: So this is Betsy. And I move to take to the full board the sections on contracts that we -- and the changes as discussed today.

CAPITOL REPORTERS (775) 882-5322

1 CHAIRPERSON FREED: Okay. MEMBER LINDLEY: Tim Lindley here. I second. 2 3 CHAIRPERSON FREED: Okay. All right. It's been 4 moved and seconded to recommend to the full board the changes that all you guys can see that we talked through today on 5 And, without any questions on the motion, I will 6 screen. 7 take a vote. All in favor say aye. 8 MEMBER KELLEY: It's Michelle Kelley here. 9 CHAIRPERSON FREED: Sure, sure. MEMBER KELLEY: I would just like to say that I'm 10 11 going to vote in support of this. But, for the record, I 12 continue to be concerned about advice we're getting from 13 purchasing and the legal advice because I just don't think the intent of these statutes was for so much of this 14 purchasing to be happening behind closed doors, so not in 15 16 front of the public, generally. 17 So, saying that, you know, the language that has 18 been crafted obviously is satisfactory to purchasing and the 19 legal opinions we've got, so I will support it but I am -- I continue to be concerned. 20 21 CHAIRPERSON FREED: All right. Thank you. Duly 22 noted. 23 Any other comments? All right. All of those in 24 favor say aye and raise your hand. CAPITOL REPORTERS (775) 882-5322

(The vote was unanimously in favor of the motion)

CHAIRPERSON FREED: Okay. Motion carries unanimously. We will forward this red line to the next full board meeting. That is if the executive officer can get it on the agenda. I know time is growing short and she's got a pre-session budget hearing planned, among other things.

MEMBER AIELLO: I do have a question about the second half. Is that going to the full board or did you guys say last time that the part we didn't discuss today has already been to the full board?

MS. RICH: I'm hoping to bring this to the board. We may have to -- I have to look at the agenda again. I know, Brandee, it's been sent to you, but I might want to take a second look at it and make sure that it's worded appropriately so that we can take action on both of these items, because the red line version of the policies that were changed I believe in July, those policy changes are included in this and need to be approved by the board.

MEMBER AIELLO: So then I would just like to say that I will probably have the same discomfort at that level and probably abstain from voting. And I don't know if other new members will have that same discomfort. And I don't know how it will affect open meeting law or not to review these changes ahead of time or -- And you may have plenty of a CAPITOL REPORTERS (775) 882-5322

- 1 board to vote with some abstention to approve the first half.
- 2 But I just will have trouble approving something I don't
- 3 understand.
- 4 MS. RICH: Ms. Mooneyhan, I think you can weigh
- 5 in on this. But, I believe that if we separate out the
- 6 two -- these two actions in to separate approvals, we should
- 7 be -- our bases should be covered at that point.
- MS. MOONEYHAN: I agree. I will pay special
- 9 attention to that in looking at the agenda. But if the
- 10 agenda is set up in the way that you contemplate, I think
- 11 that is appropriate.
- 12 CHAIRPERSON FREED: Okay. With that, I think I
- will move to Agenda Item 4, which is, once again, public
- 14 comment.
- 15 UNIDENTIFIED SPEAKER: Thank you, Madam Chair.
- 16 Currently there is nobody in there. Would you like me to
- 17 just put up the screen showing the public comment
- 18 information?
- 19 CHAIRPERSON FREED: Yes, please. Let's hold for
- 20 a few seconds to see if anybody wants to quickly dial in for
- 21 public comment.
- MS. MOONEYHAN: Madam Chair, I'm just looking at
- 23 the agenda. And maybe the checklists were addressed in the
- previous meeting, but I just wanted to make that absolutely CAPITOL REPORTERS (775) 882-5322

```
clear about the status of the checklists.
1
                CHAIRPERSON FREED: Oh, Ms. Mooneyhan, are you
 2
 3
    suggesting that we need a separate motion for Item 3.2?
                MS. MOONEYHAN: I think it would be clearer for
 4
    the record, yeah.
 5
                CHAIRPERSON FREED: All right. All right.
                                                             I'm
 6
    sorry, PEBP staff. I'm sorry, subcommittee members.
 7
    quickly go back to 3.2.
8
 9
                Ms. Aiello, do you want to move to approve the
10
    checklist as provided in the meeting packet?
11
                MEMBER AIELLO: Yes, I would like to move to
12
    approve the checklist. But here's something we talked about
13
    last time. If PEBP feels they need to add or delete
    something, I would like to approve the concept of checklists,
14
15
    but I don't want to get to the point of having to approve
16
    exactly every line on those checklists.
17
                So, I would like to move to approve PEBP for
18
    providing appropriate checklists similar to those as listed
19
    in this packet, if that's appropriate.
                CHAIRPERSON FREED: Yeah. So your motion would
20
    be to approve the checklist with authority for staff to make
21
22
    changes to the checklist as circumstances dictate?
23
                MEMBER AIELLO: Perfect, yes. That's what I
24
    would like to move.
```

CAPITOL REPORTERS (775) 882-5322

CHAIRPERSON FREED: All right.
MEMBER KELLEY: I'll second that. Michelle here.
Michelle will second it.
CHAIRPERSON FREED: Okay. Thank you. All in
favor. And Tim has already voted thumbs up, yep.
(The vote was unanimously in favor of the motion)
CHAIRPERSON FREED: There you go, Ms. Mooneyhan.
We did it for you.
With that in mind, PEBP staff, do we have anybody
for public comment?
UNIDENTIFIED SPEAKER: No, Madam Chair, no we
don't.
CHAIRPERSON FREED: Okay. Well, with that, I
think that concludes the subcommittee's work. Thank you very
much for the discussion over the last three meetings. And it
is 11:11 in the morning and we are adjourned. Thanks, guys.
MEMBER KELLEY: Thank you. Have a good week,
everyone.
(Hearing concluded at 11:11 a.m.)
