1	THURSDAY, JULY 28, 2022, 9:03 A.M.
2	00
3	CHAIRPERSON FREED: Good morning, everybody. It
4	is 9:03 a.m. I'm going to call the July 28th, 2022, meeting
5	of the Public Employees Benefits Program to order.
6	With that, PEBP staff, would you please call the
7	roll.
8	MS. LUNZ: Laura Freed.
9	CHAIRPERSON FREED: Here.
10	MS. LUNZ: Linda Fox.
11	MEMBER FOX: Here.
12	MS. LUNZ: Betsy Aiello.
13	MEMBER AIELLO: Here.
14	MS. LUNZ: Jim Barnes.
15	MEMBER BARNES: Here.
16	MS. LUNZ: April Caughron is excused today.
17	Leslie Bittleston.
18	MEMBER BITTLESTON: Here.
19	MS. LUNZ: Jennifer McClendon.
20	MEMBER MCCLENDON: Here.
21	MS. LUNZ: Tom Verducci.
22	MEMBER VERDUCCI: Here.
23	MS. LUNZ: Janell Woodward.
24	MEMBER WOODWARD: Here. CAPITOL REPORTERS (775) 882-5322

MS. LUNZ: And Michelle Kelley. 1 MEMBER KELLEY: Here. I'm sorry. 2 3 MS. LUNZ: Thank you. We have a quorum. CHAIRPERSON FREED: All right. Thank you. 4 Agenda Item 2 is public comment. A reminder that 5 public comment is limited to three minutes per speaker. 6 People making public comment, please do our court reporter a 7 favor and state and spell your name when you are -- for the 8 9 record when you are beginning your public comment. And, with that, I'll turn it over to PEBP staff. 10 11 MR. HOPKINS: One moment, Madam Chair. 12 As a reminder, Zoom is used for public comment 13 This meeting is streaming live on YouTube if you wanted to just listen in to the PEBP board meeting. 14 The YouTube link is located on the agenda. 15 For those who have joined for public comment, 16 your name or last four digits of your phone number will be 17 announced. You will be advised that you have been unmuted. 18 19 As a reminder for those on the phone, please press star six to unmute. Please slowly state and spell your name for the 20 record and proceed for the comments. Due to time 21 22 considerations, each caller will be limited to three minutes. Okay. Would the caller with the last four digits 23 24 of 0891, you have permission to speak. Please unmute your CAPITOL REPORTERS (775) 882-5322

phone.

MS. LAIRD: Thank you. Good morning, Chair Freed and fellow board members. My name, for the record, is Terri Laird, spelled T-e-r-ri. Last name Laird, L-a-i-r-d. I'm the executive director for RPEN, the Retired Public Employees of Nevada, a non-profit, non-partisan group formed in 1976 that now serves close to 8,000 due-paying members, most of whom are retirees and many who are on PEBP's Medicare exchange.

While we are saddened to hear that the staffing shortages still exist at PEBP, we are not surprised, as we've heard similar concerns from other state agencies like DETR and DMV during recent Interim Finance Committee hearings.

As Executive Officer Rich mentioned in her report to you today, it will take legislative action to fix this problem that's existed for years with lower wages and less benefits that are barely affordable on a new employee starting salary, which can't compete with local government offices in cities and counties across the state. When testified to this issue during recent IFP meetings and will carry that message in to interviews that RPEN will be conducting next month with those state senate and state assembly candidates that agree to sit down and talk about our issues.

CAPITOL REPORTERS (775) 882-5322

Until then, we thank PEBP staff for the 1 2 assistance you've always offered to our members when we bring 3 their concerns to you and we look forward to our great working environment in the future. But we are hoping that 4 the 82nd session of the Nevada State Legislature will listen 5 to yours and our concerns when they convene in February. 6 We'll also continue to push for PEBP to get more American 7 Rescue Plan Act funds that remain available according to the 8 9 July 26th IFP meeting, where we learned there remains a little more than one million left to be spent. 10 11 Like other public employee advocacy groups, we 12 would like to see PEBP benefit for actives and retirees, return to pre-pandemic levels. And we'll continue pushing 13 for that in the legislative session as well. 14 15 Again, we thank you for the time and for the board and the staff efforts. 16 17 MR. HOPKINS: Thank you. Will the caller with the last four digits of 6837 18 19 please slowly spell and state your name for the record and press star six to unmute. 20

MR. ERVIN: Hello. This is Kent Ervin, K-e-n-t
E-r-v-i-n, for the Nevada Faculty Alliance, the Independent
Association of Faculty at Nevada's Public Colleges and
Universities. We work with the entire faculty to be fully
CAPITOL REPORTERS (775) 882-5322

21

22

23

24

engaged in our mission to succeed.

I would just like to echo all of the comments of Ms. Laird. The staffing shortages at PEBP are causing constituents, our constituents, a lot of difficulties to get through to the line and it's really a long-term problem based on the low wages and benefits for state workers overall. And that needs to be fixed.

I would just like to also ask the executive officer in her report to address issues with the transition to the new health savings account bank. Currently there's no method to change monthly payroll deduction contributions and it's an opt-in process to have the transfers occur. And I hope that the new contract has provisions so that any future change, that that process will be smoother. Thank you very much.

MR. HOPKINS: Thank you.

Will the caller with the last four digits of 8884 please slowly state and spell your name for the record and press star six to unmute.

MS. SUMNER: Good morning. My name is Ravn

Sumner, R-a-v-n S-u-m-n-e-r, and I'm calling as an employee

from UNLV. I've been an employee for just over 18 years, and

I have never been so frustrated, humiliated, and completely

unnerved by the lack of service and lack of respect I have

CAPITOL REPORTERS (775) 882-5322

received from the PEBP employees, as well as Dignity Health Care, over an incorrectly processed claim for an ER visit I had in November.

I spent hours on the phone with representatives from both companies. And, every time I called, I heard different answers from both, with a lot of finger pointing. It was billed wrong. It was coded wrong. Oh, your plan doesn't cover that. I was on hold for 55 minutes with a PEBP employee while they were looking up my plan to see if the ER visit was actually covered.

EOBs went missing from my online dashboard. And I was told more than once, oh, no, no. We can see it here, which means you can see it too, it's not missing. Dignity Health also complained about the multiple EOBs for the same visit that had different information, incorrect payments, and they weren't marked either updated or revised. I was being overbilled about \$400 for a visit that should have been covered. And it took from February to June to get this matter resolved, by actually going up the chain through a back channel.

And I should not have to play the Saul Goodman card and call a guy who knows a guy that will call another guy that can get it fixed with one phone call. I should have received the appropriate service the multiple times that I CAPITOL REPORTERS (775) 882-5322

called.

And, as I put this matter behind me and carry on with managing my health care, I'm, again, dealing with the same chunk, missing and multiple EOBs for the same visit, which is getting overbilled. I actually have an EOB that has a date on it for a doctors visit I never went to on that date. This time it's with Inter Mountain Health and they can't figure out why they're getting these EOBs with this different information on it. And I am exhausted.

I've spoken with several colleagues and they have had similar issues, missing and multiple EOBs and being overcharged and getting different answers when they try to call. A couple of them even told me they were going to forego being health care professionals because of this ongoing issue.

And I don't want to hear the rationale that PEBP is short-staffed. We all are. But, I implore you, please get your house in order so I can go back to the doctor and get the health care that I need and get it managed with some dignity and competence that we're not getting ripped off for the sake of health care. Thank you.

MR. HOPKINS: Thank you.

Will the caller with the last four digits of 9199
please slowly spell and state your name for the record and
CAPITOL REPORTERS (775) 882-5322

1 please press star six to unmute.

2 MS. OPFERMAN: Good morning, Chair and Members of

3 the Committee. For the record, my name is Tess Opferman.

That's T-e-s-s O-p-f-e-r-m-a-n. I am here speaking on behalf of AFSCME retirees.

I want to echo the concerns that Ms. Laird and Mr. Ervin stated this morning. We, too, have been receiving complaints about PEBP wait times and calling in. And we hope -- we know that this is a staffing issue that is not new and we hope that there is something that can be done. We look forward to working with the committee, with fellow stakeholders in the future legislative session to try to address this issue, so this is something that cannot be rezoned and I know wait times are only getting longer and longer.

So, I appreciate your time this morning, and we look forward to working with you in the upcoming months and through the legislative session.

MR. HOPKINS: Thank you.

Will Larry Coffey please -- you have permission to speak. Please unmute your mic. Caller with the first name Larry, you have permission to speak. Please unmute your mic.

Can you say that one more time? You were a CAPITOL REPORTERS (775) 882-5322

```
little choppy. You're very faint on my end.
1
                   (The court reporter interrupts)
 2
 3
                MR. COFFEY: Can you take someone else and come
 4
    back to me, please?
                MR. HOPKINS:
                              If not, can you please call the
 5
    1669 number and we'll make sure you get your public comment.
6
    And, if not, there is going to be another public comment
 7
    session towards the end of the board meeting, okay.
8
 9
                The caller with the first name Carrie, please
    slowly state and spell your name for the record and unmute
10
11
    your mic. You have permission to speak to make public
12
    comment. Caller with the first name Carrie, you have
    permission to speak. Please unmute your mic if you wish to
13
    make public comment.
14
15
                       Caller with the last four digits 0137,
                Okay.
16
    please slowly state and spell your name for the record and
17
    please press star six to unmute your phone. Caller with the
18
    last four 0137, please press star six to unmute and make
19
    public comment.
20
                Larry, you have permission to speak again.
21
    you give that a try.
22
                             Are you able to hear me better now?
                MR. COFFEY:
23
                MR. HOPKINS: Yes, I can. Can you please slowly
24
    spell and state your name for the record.
                  CAPITOL REPORTERS (775) 882-5322
```

MR. COFFEY: Yes. My name is Larry Coffey,

L-a-r-r-y C-o-f-f-e-y. And I am a member of AFSCME Local

4041. I am a state employee with DETR under the Bureau of
Services for the Blind and Visually Impaired. And, to be
honest with you, I have not really been able to really

utilize my medical because of all the extra co-pays and
amount that I'm having to pay out of pocket. I don't have
the money a lot of times to go to the doctor or use my dental
plans because of the extra high costs.

The costs have gotten too much for a good portion

The costs have gotten too much for a good portion of state employees to afford treatment and testing as requested by their physicians. Far too much of the cost has been transferred to the employees. PEBP continues to increase health insurance rates while cutting services. We're paying more for less insurance coverage than a year before and the year before that.

And so I really would request that PEBP really look at how the decision really impact the lives of state employees. And that's my comment. Thank you.

MR. HOPKINS: Thank you.

Caller with the last four 0137, please press star six to unmute your phone and please slowly state and spell your name for the record before you make public comment.

Will caller with the first name Carrie, you have CAPITOL REPORTERS (775) 882-5322

permission to speak. Please slowly spell and state your name for the record if you wish to make public comment.

Okay, Madam Chair, that concludes public comment.

CHAIRPERSON FREED: Okay. Thank you. Reminder that we have a second public comment period at the end of the meeting to everyone who is listening and had technical difficulties.

With that, we'll go to Agenda Item 3, PEBP board disclosures for applicable board meeting agenda items. And I'll hand it off quickly to Deputy Attorney General Kunnel. Thank you for joining us, by the way.

MS. KUNNEL: Thank you, Madam Chair. This agenda item is to allow me to make a disclosure regarding conflicts of interest on behalf of the board members who are eligible for PEBP benefits.

Pursuant to NRS 281A.420, on behalf of the board members who are eligible for PEBP benefits or whose families are eligible for PEBP benefits, I offer this disclosure that they will be voting on those items that may affect the benefits available to them or their family members. The law does not require abstention from voting merely because the board member or their family member is eligible for PEBP benefits.

At this time, I invite any member of the board CAPITOL REPORTERS (775) 882-5322

- 1 who has additional disclosure to make it now. Thank you.
- CHAIRPERSON FREED: Okay. Seeing nobody raise
- 3 their hand, we will move on to Agenda Item 4, which, as you
- 4 all know, is the consent agenda, comprised of a variety of
- our reports. And, as is our habit, I will accept a motion to
- 6 approve all of the items under Number 4 unless there are
- 7 individual items board members would like to pull for
- 8 discussion. So if you would raise your hand.
- 9 Mr. Barnes, right out the gate.
- 10 MEMBER BARNES: Yes. Thank you. For the record,
- 11 Jim Barnes. I would like to pull Item 4.2.1 and 4.4.
- 12 CHAIRPERSON FREED: Okay. Got it.
- Anyone else, are there agenda items you would
- 14 like to discuss? Ms. Kelley.
- 15 MEMBER KELLEY: I just -- I will need -- I was
- 16 not in attendance at the May 26th meeting, so I would lead
- 17 towards abstaining from voting on those minutes, so I'm not
- 18 sure if we want to pull them.
- 19 CHAIRPERSON FREED: All right. Sounds good.
- 20 Duly noted. Anyone else, are there items you want to pull
- 21 for discussion? Okay.
- 22 MS. RICH: This is Laura. Staff would like to
- 23 pull 4.3.5, please.
- CHAIRPERSON FREED: 4.3.5. I didn't know I could CAPITOL REPORTERS (775) 882-5322

```
let you guys pull your own items. That seems a little weird,
1
    just for the record. Okay. All right. Hearing nobody else
 2
    or seeing nobody else raise their hand, I'll accept a motion
 3
    to approve all the items and reports on the consent agenda
 4
    with the exception of 4.2.1, 4.3.5, and 4.4.
 5
                                                     So moved.
                MEMBER BITTLESTON: This is Leslie.
 6
                CHAIRPERSON FREED:
                                    Thank you. Do I have a
 7
8
    second?
 9
                MEMBER FOX: Linda Fox for the record.
                                                        I'11
10
    second.
11
                CHAIRPERSON FREED:
                                    Thank you. All in favor
12
    signify by saying aye or raise your hand in your little box.
13
          (The vote was unanimously in favor of the motion)
                CHAIRPERSON FREED: Any opposed, say nay. Okay.
14
    Motion carries.
15
                All right. Let's return to 4.2.1, which is the
16
17
    budget report. Mr. Barnes.
                MEMBER BARNES: Yes.
                                      For the record Jim Barnes.
18
19
    I have a question for Laura Rich regarding the budget report.
    Am I correct in understanding that this is essentially a
20
21
    snapshot in time and that there will be an additional budget
22
    report in September? Or I'm just wondering how that works.
23
                MS. RICH: You are correct, Mr. Barnes.
24
    Rich for the record.
                          Yes, this is a snapshot in time.
```

CAPITOL REPORTERS (775) 882-5322

one of the things we struggled with as a board is that this budget report, because of, you know, just the way that the claims come in and the wild swings and, you know, ups and downs throughout the year, we have decided that as a board to really just look at that September report when basically what that is, is in September it takes in to account all of the fiscal year closing. And so we're -- it's a more accurate statement, once everything is said and done and closed for that year.

And, so, looking at that September budget report is more beneficial and helps the board really, you know, see where we are in terms of the end of the fiscal year. So we do provide this budget report quarterly. But the reality is that September report is, you know, what we determine to be that -- You know, that snapshot in time is at the end of the fiscal year and takes everything in to account. And so it's more accurate at that point.

MEMBER BARNES: Thank you.

CHAIRPERSON FREED: Mr. Verducci, do you have a question on 4.2.1? Unmute yourself.

MEMBER VERDUCCI: Thank you very much. Tom

Verducci for the record. I do have a question on the report.

I was reading here that the state subsidies are projected to

be less than the budgeted amount by .9 million dollars. And

CAPITOL REPORTERS (775) 882-5322

I was just wondering what the rationale was of what would cause the rejected amount to be less than budgeted.

MS. RICH: Laura Rich for the record. So what that essentially means is that our trend is higher than what we projected and so -- or that was in our budget, what was in our budget. And so rates are set based on what the projected trend is and, you know, it's set on a two-year basis. And, as we discussed, you know, trend is coming in higher. We are seeing that bounce back in claims. And so this is something that, you know, we expected really.

CHAIRPERSON FREED: This is Laura Freed. Isn't it also true that vacancy contributes to this? Because state subsidies are generated -- Amos is generated on field position and Reggi is generated on gross payroll. If we have fewer field positions and we have lower gross payroll, we're going to have lower subsidies with which to buy things.

MS. RICH: That is correct. That is also another factor and something that we are definitely discussing with the actuaries and GFO as we build that budget. Moving forward, it's also something that's affecting not just PEBP but PERS as well for the same reasons.

MEMBER VERDUCCI: Thank you very much. And just one follow-up question. On page three of the budget report it appears that differential cash available has increased by CAPITOL REPORTERS (775) 882-5322

one million dollars for this period. Is that correct that that is still increasing?

MS. RICH: Laura Rich for the record. Yes and no. So, again, this is a snapshot in time. Those numbers fluctuate dramatically based on the claims that have come in and the claims lag. And, so while this is informational, really, Mr. Verducci, that September report is going to be the more accurate number, because everything will have closed in the fiscal year -- that's reflecting the fiscal year closing.

MEMBER VERDUCCI: Thank you very much.

CHAIRPERSON FREED: Thank you. If nobody else has any questions on the budget report, I'll move to 4.3.5, the Willis Towers Watson individual market place enrollment and performance report.

MS. RICH: Laura Rich for the record. So the reason that staff had this pulled is because, as you can see, there were some missed performance guarantees in this report. And really this is due to high call volume associated with the transition of our enrollment and eligibility system.

You know, back in March and April and even before that, there was a really significant impact on the retirees.

And during that transition that affected retirees

specifically. And so Towers Watson or via benefits was hit CAPITOL REPORTERS (775) 882-5322

really hard with call volume that was specific to -- related to re-enrollment and eligibility transition of PEBP and really the chaos that was involved in that project.

And so staff was recommending that the penalty associated with this performance guarantee be waived because of that. And the penalty is \$2,000.

CHAIRPERSON FREED: Okay. Thank you very much.

Not seeing any questions, so we'll move on to

4.4, the FY 22 OPEB valuation.

MEMBER BARNES: Yes. Jim Barnes for the record. And I guess actually the people that I would have to address this to aren't present because I believe it would actually be for Aon. But the question I had -- And I believe they're not here. But the question I have is if we do add these benefits back what is the impact? Is there some impact on the state budget? Or what will be the fiscal impact of adding these benefits back? And, like I say, Aon is not here, but I don't know if we can get the question to them or what.

CHAIRPERSON FREED: Mr. Barnes, this is Laura

Freed. Let me see if I can clarify your question. By adding
these benefits back what specifically do you mean? Do you
mean pre-funding the retiree health care liability or did you
mean something else?

MEMBER BARNES: No. That's what I mean. CAPITOL REPORTERS (775) 882-5322

1 CHAIRPERSON FREED: Oh, okay. Well, I mean, I'll
2 let Ms. Rich take that one.

MS. RICH: All right. Laura Rich for the record. So, you are correct, Aon is no longer a contract descender with PEBP. However, let me just clarify that the PEBP board does not have the ability to reinstate these benefits. This is something that the legislature decided a long time ago. And so those benefits have been cut off since that point.

The OPEB liability, which is other

post-employment benefits, really just takes in to account our

long term -- the program's long-term liability and what we

are on the hook for. So, right now, that long-term liability

is slowly reducing. Because, at some point, we won't have

any long-term liability because the retirees will no longer

be eligible for benefits, for medical benefits. And so,

eventually, that number will become zero.

To add those benefits back in, that number will not only -- And I'm not an actuary, so I will, you know, I can't give you the numbers as to, you know, what that's going to look like. And I'm sure it takes a whole lot of analysis in projections. But those numbers would increase dramatically if we were to reinstate those. And it would be very complicated because what about those employees that fell through the crack, you know, that are in that time period CAPITOL REPORTERS (775) 882-5322

```
where this -- they were hired, you know, during that time
1
 2
    period where those benefits were not eligible. And so that
    liability would definitely increase. How much, I don't know.
 3
 4
    That would be a -- something that the actuaries would have to
    really do an analysis on.
 5
                MEMBER BARNES: So are you referring to the
 6
 7
    retiree benefits for the post-2011 hires or -- is that what
8
    you're referring to?
9
                MS. RICH:
                           Correct.
                MEMBER BARNES: Okay. All right. Well, thank
10
11
    you.
12
                CHAIRPERSON FREED: Okay. Not seeing any other
    questions, I think I'll look to Mr. Barnes for a motion to
13
    approve 4.2.1, 4.3.5, and 4.4.
14
15
                MEMBER BARNES:
                                So moved.
16
                CHAIRPERSON FREED: Thank you, sir.
                Do I have a second?
17
                MEMBER WOODWARD: Janell Woodward.
                                                    I'll second.
18
19
                CHAIRPERSON FREED: Thank you. All in favor
    signify by saying aye.
20
21
          (The vote was unanimously in favor of the motion)
22
                CHAIRPERSON FREED: Any opposed say nay.
                And, Ms. Kelley, I'll take you as an abstention.
23
24
                MEMBER KELLEY: I'm sorry. I had already said
                  CAPITOL REPORTERS (775) 882-5322
```

1 aye. CHAIRPERSON FREED: Oh, okay. Thank you. 2 3 Motion carries unanimously. Okay. All right then. With that, we'll go to Agenda 4 Item 5, the executive officer report, which is an 5 informational item. 6 MS. RICH: Laura Rich for the record again. 8 We're going to start off the executive officer report with 9 the fun subject of staffing. We've heard a lot about this. Staffing at PEBP and just across the state and really across 10 11 the nation, period, is just a challenge. 12 When this report was written -- And it actually is still the correct number -- our PEBP's vacancy rate is 13 roughly around 32, 33 percent. That means we have 11 14 15 vacancies of the 34 positions in our agency. The reason for this. So, first, it starts with 16 there's some delays with the Division of Human Resource 17 Management's transition to the new HR software, which is 18 19 called Success Factors. Similar to PEBP, the state recently terminated its contract with LSI for the smart -- for the 20 21 statewide Smart 21 ERP implementation. Success Factors was 22 part of that. However, that program will be continued to be 23 utilized, but there's problems in that system that lead to 24 delays in the referring process.

CAPITOL REPORTERS (775) 882-5322

This is by no means a fault of the Division of
Human Resource Management. You know, they're doing
everything they can to improve that system, but they're stuck
with it.

So, while Success Factors has delayed PEBP's ability to conduct recruitment in a efficient manner, it's just really only one component of a bigger problem. Because, once that recruitment is posted and we get a list of eligible candidates, it's just challenging to fill those slots. You know, even the interview slots. In the most recent round of interviews, only two candidates accepted an interview of the 12 that were invited to interview. And, of those, only one showed up for the scheduled interview. And, once offered the position, the candidate declined, citing low compensation.

A similar experience occurred in a different recruitment where 17 candidates who were offered interviews, only two accepted, and neither one showed up to the interview.

We recently had one that we thought we were going to on board and the day before she was due to start, she called and said she had taken another position.

So this is happening where it's not that we're not trying to fill our positions. It is just an impossible task at this point.

CAPITOL REPORTERS (775) 882-5322

So, although this has impacted PEBP in all areas, the most noticeable impact has been the member services unit, which is our call center. These positions are front line positions meant to assist members by answering questions and providing information on PEBP eligibility and processes and they're crucial during open enrollment where the call volume is high and members have a limited time to make plan selection.

Unfortunately, the staffing shortage created long wait times, sometimes up to an hour long. That continues today. It's still -- This week we're down to about half an hour. But, you know, we're looking at hour-long waits to get through.

PEBP has attempted to divert resources. Of the various competing implementations happening concurrently, as well as all the other normal duties that staff have, there were just really limited options. You know, if you pull someone from eligibility to answer phones, then someone who made an open enrollment election, that needs to be processed. And so in order to get that done and to the vendors in time for a July 1st, you know, start date, so that they can get their cards and all of that, you pull someone off eligibility and then those events don't get processed quickly enough.

And so really we have limited options when it comes to that.

CAPITOL REPORTERS (775) 882-5322

So the high call volume and long wait times continue to exist even beyond open enrollment and will likely continue until the staffing challenges are no longer a factor.

recently too is the call volume itself. Because, although we do have a staffing shortage, I wanted to look at what the call volume was compared to years prior. And it is definitely much, much higher than normal. So to put it in to perspective, last year during the May 1st to July 1st time frame, we had about 12,000 calls come in. We had 20,000 this year. So almost double what we had -- what we have on a normal given year. On top of that, we have e-mails that come in, you know, that need to be answered as well. So it's not only calls. And we have people that come in to the building as well for walk-ins. So it's definitely challenging.

Moving forward, there are some options that have been presented by DHRM through emergency regulations that will allow PEBP to retain good knowledgeable staff by offering promotional opportunities that they previously would not have qualified for. So we're really excited about this because it allows PEBP to promote from within and avoid the long learning curve associated with bringing on new staff.

It also rewards good employees for their efforts and allows CAPITOL REPORTERS (775) 882-5322

1 recognition of those efforts.

The unintended downside to this though is that we're usually promoting entry level staff and then it just creates more vacancies in those hard-to-fill positions such as MSU.

So, unfortunately, this problem is largely out of the control of PEBP and will have to be addressed on a legislative level during the upcoming legislative session.

So, I'm going to stop right there because I think there was a lot of public comment about this and there, you know, this is a big -- an important topic as far as PEBP being able to, you know, complete its mission successfully. And, you know, unfortunately, this is where we're at.

CHAIRPERSON FREED: This is Laura Freed. I saw
Ms. Bittleston raise her hand. Please go ahead.

MEMBER BITTLESTON: Thank you, Madam Chair.

Leslie Bittleston for the record. I have a question for

Executive Officer Rich. I appreciate the information. And,
one of my first questions was the call volume, which you did
answer. And so that explains some of the issues, wait times,
and other things.

My question to you is what is the learning curve for new employees or employees to be able to answer the questions appropriately? I don't know how better to say CAPITOL REPORTERS (775) 882-5322

that. So what is really the learning curve for these front line staff who are answering the phones?

MS. RICH: Laura Rich for the record. The learning curve is actually crazy. So we have about ten -Well, actually it's 11 employees in the member services unit and they are tasked with answering eligibility questions, providing information and guidance about our retiree process, things like that. So we don't specifically answer questions on -- PEBP staff does not answer questions and are not able to answer questions about EOBs and specific benefit-related questions, usually. Those are diverted to our TPA. And our TPA has a call center.

However, a lot of those calls first come in to PEBP just for eligibility-type questions, for questions about the retiree process, for questions about how to log in to your account. I'm having issues with, you know, completing an open enrollment event, please walk me through this, you know, things like that.

They must understand the eligibility process inside and out. There's a lot to it. We have a whole master plan document specific to eligibility. What do members need when, you know, if they were to get married or have a baby, what if you have a, you know, any kind of qualifying life event, any type of, if you're aging in to Medicare, what is CAPITOL REPORTERS (775) 882-5322

the situation there, what are the options that you have.

1

17

18

19

20

21

22

23

24

If the members provide bad information or insufficient information, it really can negatively affect the member, because they miss their window of opportunity. You know, it's health insurance, right, and you need them to have access to the health insurance. So the learning curve is pretty significant.

On top of that, any time you change vendors and change processes and things like that, now there's a whole new layer of stuff that they have to learn. And so we had a lot of that, a lot of communication that went out this time around on the network, on the TPA, on the enrollment and eligibility system. And so anytime we send out communication, that also prompts phone calls as well asking for an explanation or clarification or does this affect me, et cetera, et cetera. And so there's a lot that they have to answer. And a lot of these, the staff we have, they're doing great, but they're new. And, I mean, I have been at PEBP for seven years and I'm still learning new stuff. And so PEBP is very complicated. There's a lot to it. And, in order to really be a subject matter expert, it takes time and exposure. And it's just impossible to sit someone down for two weeks and give them the, you know, a here's your PEBP 101 and put them on the phones, right. So there's definitely a CAPITOL REPORTERS (775) 882-5322

learning process associated with that. 1 CHAIRPERSON FREED: Okay. Ms. Bittleston, if you 2 3 don't have a follow-up. MEMBER BITTLESTON: I don't. That answered my 4 question. Thank you. 5 6 CHAIRPERSON FREED: Okay. I'll go to Ms. Kelley 7 followed by Ms. Aiello. Thanks, Chair Freed. Michelle 8 MEMBER KELLEY: 9 Kelley for the record. I guess I just have more of an entry level question, if you will. I guess I'm challenged because 10 11 I understand, you know, 11 staff down and I know that all of 12 us have been impacted by kind of difficulty in getting 13 through to PEBP, me included. So I understand the challenges 14 there. 15 Where I guess I'm a little concerned is that the solution is to wait until the legislative session to address 16 17 these more systematic issues. And so it's my naivety. 18 quess I just don't understand what can we do before that? 19 Because, obviously, PEBP can't go another six months, 12 20 months really, because we're talking about fiscal year 2024, July 1. What can we do? And it's probably a question for 21 22 Chair Freed. But isn't there something more we can do? Is 23 there something more creative we can be? Because it's 24 obviously not acceptable.

CAPITOL REPORTERS (775) 882-5322

CHAIRPERSON FREED: Ms. Rich, do you want to field this or do you want me to take a shot?

MS. RICH: Go ahead. And, if you have something to add. Well, I'm happy to as well.

CHAIRPERSON FREED: I guess you and I will probably say a lot of the same things about -- I mean, if we're talking about, you know, specifically PEBP benefits, you know, the subsidies are set in session law and we can't increase the state's contribution without legislative action. If we're talking about recruitment and retention generally, you know, as Ms. Rich said, Frank Richardson, who is the administrator of Human Resource Management in my department, has been conducting a comprehensive look through NAC 284, the classified personnel regs, to see what regs can we rewrite to make the civil service recruitment process quicker and easier.

But, you know, fundamentally, I think everybody in every agency agrees that it comes down to money. And, I mean, we're trying to work through some of the laws passed last session as well as some of the special session from 2020 laws and see if there is some way we can read those laws to utilize our money for certain compensation effects.

But, you know, everybody has been advocating that everybody in state service, not just certain classes, not CAPITOL REPORTERS (775) 882-5322

just certain agencies, everybody, because we're all having the same recruitment and retention problems. Needs regs.

3 And we are working with GFO and trying to explore

4 possibilities about how we can get some fiscal related in the

interim. And I probably can't or shouldn't say anything more

6 than that.

MS. RICH: And I will just add -- Laura Rich for the record. I will just add that our entry level positions start at around \$17 an hour. When you take in to account PERS, that PERS deduction, it's less than that. I found out that the car wash down the street starts their high school kids at \$17 an hour. So that's no requirements, no education requirements, no experience requirements. They're making \$17 an hour plus tip.

So, when we are competing with car washes and fast food, you know, how do we compete? This is why we can't fill those positions. We're doing everything we can internally, you know, being accommodating, work from home, you know, for some positions, anything that we can.

But, I mean, in some ways we've done the opposite, right, where I had to shut down the use of leave for really through the middle of July because I can't afford to not have staff around for open enrollment. And so these folks have, myself included, a ton of leave, you know, that CAPITOL REPORTERS (775) 882-5322

they have to use. And now we're at a point where there's staff that has two months of leave that they need to use and I can't afford to let them take it. So we're going to have to pay them out.

You know, so staff are burned out. They're just burned out. Because everyone is doing the job of two and three people. And that's not just at PEBP. That's across the state.

CHAIRPERSON FREED: I saw that Member Aiello had a question but then she lowered her hand, so I don't know if you still have one.

MEMBER AIELLO: I'm sorry. I actually got kicked out of the Zoom by my own computer system. So it might have been similar to Michelle's, the little bit I heard, so this may be somewhat repetitive. But my guess would be because we know it's not just PEBP, what we heard from public comment and everything, the big things are staffing issues, costs are too high, all of that requires money at the legislative level. And then some inaccurate EOB and medical things, which might have had to do with transitioning things. I'm not sure.

But, at the money and the staff level, my guess is that the legislature and the governor's office is well aware of these issues would be my question, because I don't CAPITOL REPORTERS (775) 882-5322

know how much PEBP can do on their own.

MS. RICH: I would assume that the governor's office has heard from not just PEBP members but people who can't get in to the DMV, you know, all kinds of complaints.

But, you're right, it is something that is out of our control at this point. We're doing everything we can. I know I've had a lot of conversations with Administrator Richardson as well to see how -- see if there's any way to get around -- any loopholes to get around the system to create some kind of incentives for staff. And our hands are tied at this point.

MEMBER AIELLO: The only thing I can say is I would guess that the state probably is moving closer to some employee crisis mode at some point here. I don't know.

Because I don't know how a lot of things can be fixed without additional staff. And there is that learning curve. I mean, you can't just bring on your 11 new people and expect to function well then. So, yeah, I'm sorry if anything was repetitive.

And, I hope I don't get kicked out again, but we've been having a little internet trouble. But I will just come back on.

CHAIRPERSON FREED: Okay. Thank you. The other thing that I would add is the BA5 variant of COVID is still CAPITOL REPORTERS (775) 882-5322

out there circulating, and when COVID rips through an office and you're already low on staffing, it's worse. I mean, I was having a discussion with the administrator of the state library and archives yesterday about how we might need to close the library because we don't have enough staff and half of them are sick of the ones we do have, and so that's the other pressure that's still out there.

I'll go to Member Verducci and then Member Woodward if I keep track of the order in which people raise their hands.

MEMBER VERDUCCI: Thank you, Chair Freed. Tom

Verducci for the record. You know, in discussing public

comment, I think it's very important that, you know, the

voice of the employees be heard. And I read through those

and take them very, very serious and there's a lot that we

can do and there's some things that we cannot do. But, let's

face it, the employees are dealing with inflation, higher gas

to get to work. And, you know, I'm reading gaming revenues

are going up, tourism is looking better, you know, Nevada

perhaps leading the nation on economic revitalization.

And I believe we put together a vote to have two budgets prepared to restore the benefits. And I'm also wondering how the American Rescue Plan Act funds work, if we're eligible for any of those funds that might be out CAPITOL REPORTERS (775) 882-5322

there. That was my comment.

But it just seems like there's a staffing issue because the benefits have gone down. We can't make the pay go up. But perhaps we can make some suggestions to improve the benefits. And I believe that comes up at our November meeting, I believe.

Two budgets in place. And I know the PEBP staff is very busy right now obviously. But I'm wondering how those two budgets are moving along and perhaps we can put in a request for American Rescue Plan funds, if they're out there.

MS. RICH: Laura Rich for the record. So I believe, as Chair Freed said, the Department of Administration is looking in to options to use ARP money for compensation. But I don't think anything is -- any information is available on that.

Mr. Verducci, also, we had, last year we had submitted requests -- all agencies were asked to submit requests for ARP funding and PEBP did submit some requests and did not receive the funding to restore or to enhance benefits, I should say. We did receive some ARP money to pay for -- to get reimbursed for the COVID testing, but we did not receive any funds for enhanced benefits.

And, far as building the budget, yes, we are in CAPITOL REPORTERS (775) 882-5322

the process of that. But, remember, we were given the direction to build based on the existing plan benefit design today, so we are doing that, and we are also submitting a separate budget, which enhances the benefits to those pre-pandemic levels as well. But that will not be really made public until Gov Rec is released, which is in January. And so PEBP submits that budget. We work with GFO and the governor's office, you know, once that budget is submitted. But, after that -- But it's all confidential until January when Gov Rec is released.

MEMBER VERDUCCI: Thank you very much. I just think if we could restore the benefits, it might start

MEMBER VERDUCCI: Thank you very much. I just think if we could restore the benefits, it might start solving some of the staffing issues and making the State of Nevada an attractive employer once again to work with. So thank you very much for your comments there.

CHAIRPERSON FREED: Thank you, Mr. Verducci.

Member Woodward, take it away.

MEMBER WOODWARD: Thank you, Chair Freed. Janell Woodward for the record. Really more a comment. I, speaking for the union, at least AFSCME Local 4041, members worked really hard to get the ARP funds released to the states and do that. The purpose of the funds, interestingly enough, were to restore budget shortfalls. Personally, I haven't really seen that be the case of how funds have been used to CAPITOL REPORTERS (775) 882-5322

solve those budget shortfalls. But, it's really disconcerting that they just kind of blew off PEBP's request to get those funds to help with the health care costs. You can be sure that legislature is going to hear a lot about that going forward in this next session.

But, you know, we've also heard that, you know, the governor wants to reimburse the furlough days but not until the next session. So, you know, there's a lot of ifs there. Does he get re-elected? Who gets in? You know, what happens with all the politics of things?

But, I agree with Mr. Verducci, we really do need to ensure that we're paying attention to how the decisions we make are affecting the employees, because it just gets worse.

And, Laura, I feel for you over there. I heard complaints about wait times just this week. And, my response to them was that it's, you know, everybody is in that situation and you're all having to, you know, wait. It doesn't matter who you call. And, while it's frustrating, we have to give each other a little grace when we're looking at those wait times and that and the reasons for them.

I do think that perhaps the one thing the board could do would be to advocate at the legislature to, you know, request them, you know, to come up with similar funding for PEBP that might make things easier. We all know there CAPITOL REPORTERS (775) 882-5322

was a trade-off before, lower pay, better benefits. 1 Now, we 2 have lower pay and lower benefits. So you see people taking all of these other jobs, instead of wanting to work for the 3 state, which has always been a really good thing in the past, 4 but not so much now. So I would encourage the board maybe to 5

put something forward as an advocacy for the PEBP program.

7 That's it.

19

20

21

CHAIRPERSON FREED: Thank you. I want to note something here that in the PEBP board policies and procedures, PEBP members don't generally testify before the legislature. We delegate that authority to PEBP staff once we, as a board, have made a decision about policy matters and taking in to account the program and fiduciary responsibility we have towards all of our participants. So, with that, I'll go to Mr. Barnes.

MEMBER BARNES: Yes. Thank you. For the record, Jim Barnes. First of all, I wanted to say I agree with Tom and Janell's comments completely.

And I guess my question is for Laura Rich. Have we looked in to hiring contract employees or temps or anything of that sort?

22 MS. RICH: That is -- Laura Rich for the record. 23 That is an option that we could go down or leverage. 24 honestly, it's, again, it is, you know, this isn't specific CAPITOL REPORTERS (775) 882-5322

to the state. Obviously, the state is making, you know, because of the compensation there's, you know, more challenges. We could contract staff through other, you know, outside providers. But, remember that the learning curve associated with these positions is significant. And so we want to keep those people as much as possible. That is not going to be possible if, let's say, that we are able to pay someone, you know, let's say it's \$20 an hour through a contractor, which is still rather low, but we want to keep them on board. We want to keep them at PEBP. In order to provide them an actual state service position, they have to accept the job for \$17 an hour. And so it's just -- it's a solution, but I don't know if it's a great solution. could be a short-term solution. But, again, it's not -- it's not great.

MEMBER BARNES: Thank you.

23

24

CHAIRPERSON FREED: I don't see any other member with a hand up. With that -- Oh, Member Kelley, go for it.

MEMBER KELLEY: Thank you. I kind of understand

the discussion around temps. But I do think that it seems like PEBP is kind of in dire straits and at some point you kind of have to make the decision that you do need more bodies to answer the phone.

So, I guess that leads in to kind of my next CAPITOL REPORTERS (775) 882-5322

question. \$17 an hour for the entry level staff, and, you know, I understand entry level. But you've also described some kind of fairly stringent knowledge requirements and ability to take on and grasp information, so people have got to have good comprehension. Are there opportunities out there -- And I know this costs us in the long run. But are there opportunities to actually upgrade those positions? Are they paid at the right place at the moment or do they need to be upgraded a little bit? Because if, as Laura, you indicated, if we're competing with the local car wash who also gets tips, I might add -- And I tip my car washers quite generously. But that's my question.

MS. RICH: Thank you, Member Kelley. We actually did several years ago, and I would say it was probably about four years ago, that we did a classification evaluation or study on our member services unit. And we do get them upgraded. They used to be a grade 25, so admin assistant two, and we were able to get them upgraded to an admin assistant three. Things haven't changed that much since -- you know, from four years ago or even five years ago. And so I doubt that we would be able to upgrade them from there.

There are things that we're looking in to. For example, there is options do, like, a five percent pay increase if you're doing additional tasks, things like that.

CAPITOL REPORTERS (775) 882-5322

So we're looking in to those types of options. Because, like I said, everyone is doing double efforts. And so even if we can do, like, a five percent temporary bump, that's an option. So we're looking at different things like that.

But I would highly doubt that things have changed enough within PEBP to -- that these need to be -- And, quite honestly, I mean, going from a 25 to -- a 27 to a 29, it is ten percent. But, again, now we're looking at \$18 an hour, right, you know. And so, you know, \$18 an hour is still not very much. I'll tell you, my 17 year old is making -- she's waitressing and making at least \$20 an hour. So it's -- You know -- And she's 17. So, it comes down to compensation, it really does.

MEMBER KELLEY: Just to follow up. So, I
understand your point about compensation. Compensation
obviously is so important, as are the benefits. But I also
don't want us to lose track of the fact that a lot of reasons
people join civil service or the government is because there
are promotional opportunities. And so, you know, I mean,
yes, we can talk about a dollar or two dollars an hour not
being significant. I think it is. And I think it's also
about that mobility of your job, you know, and the career
path that I guess the state is looking more closely at. But,
I guess I just don't want to give up all hope at all, because
CAPITOL REPORTERS (775) 882-5322

we -- I don't know what the governor is looking at, but I can't imagine that he's looking at increases of competitive pay. I mean, it would be awesome if he was. But it would also be kind of unprecedented, right. If we're talking about \$17 now, after the legislative session, I don't think it's going to be 27 to compete. But, anyway, so I just don't want us to give up hope.

And just a guick guestion. Are you during the

And just a quick question. Are you during the open enrollment period where your people are eligible for overtime or is there an overtime freeze on as well if they're doing extra hours?

MS. RICH: We actually -- Laura Rich for the record. We actually did offer overtime. I'll just be honest. Everyone is burned out and overwhelmed and not a lot of people wanted the overtime, you know. So we made it -- made it an option, but we cannot -- we couldn't force it, obviously.

I will tell you during open enrollment I spent many hours over the weekend answering member e-mails myself, because I can't force the classified staff to, you know, to take on overtime. Whereas, unclassified staff is, you know, we have some flexibility.

And so, yeah, so it's -- we've offered it. But,
like I said, when you have cut off any use of leave for
CAPITOL REPORTERS (775) 882-5322

months at a time and you're doing the job of two and three
people, overtime isn't -- it's not a perk.

MEMBER KELLEY: Thank you.

CHAIRPERSON FREED: This is Laura Freed. I'm not seeing other comments and questions. So, with that, I think we'll move from Agenda Item 5 to Agenda Item 6, which is our standing contracts item.

MS. RICH: Actually, Chair Freed, that was only the first paragraph of --

CHAIRPERSON FREED: Oh, that was only the first paragraph, I'm sorry.

MS. RICH: Sorry.

CHAIRPERSON FREED: No. Please continue. I feel like that was the most significant part though. I'm sorry. Please go ahead.

MS. RICH: So the next part of it is just an update on the implementations that we had. As I said, there was a long list of solicitation that went out last year. And that just meant that they were allowed to be awarded contracts that would require pre-complex implementation. So, typically, PEBP would try to limit these implementations to one or two a year because it's a lot of work, it's a lot of disruption, and it increases risks to members and the staff and increases the need for communication. And so people get CAPITOL REPORTERS (775) 882-5322

bombarded with -- or members get bombarded with our communication, so we try to keep it at a minimum. But this year we did not have that luxury. And so PEBP had many implementations to juggle at once. We had the third party administrator, the medical network, life insurance, HSA, HRA administrator, our actuaries and also on top of all of that the reversion of the eligibility enrollment system.

PEBP is pleased to announce that all of the implementations were successfully implemented with only minor issues. We, you know, no implementation went without its challenges. You heard that there was some confusion on the HSA. There's still some functionality that is being built out, things like that. But no major setbacks occurred and members were able to access services without disruption on July 1st.

I just want to say that this could not have happened without the tremendous efforts of our vendor partners and PEBP staff. Everyone worked very, very hard to ensure that those integrations with PEBP and between the vendors were all -- all went smoothly. There was a whole lot of commitment and coordination on all levels. And I feel like that should just be celebrated.

And, as the executive officer, I want to ensure that PEBP staff and partners receive recognition for making CAPITOL REPORTERS (775) 882-5322

this a success, because everyone definitely worked hard to make that happen.

The next section is just a quick open enrollment update. Almost 7,000 members made open enrollment selections, which is consistent from previous years activity. We can see here that in the chart in this report there was some migration from -- mainly from the CDHP. To members left the CDHP and moved to the low deductible plan. So this is the second year we've offered that low deductible plan. I think people are becoming more aware of it. And I think that low deductible plan was more appealing than the high deductible plan. And so we had quite a shift from that and most of it came from the CDHP.

The other thing that I wanted to bring to the board's attention is the reporting schedule. So, historically, PEBP has struggled to align reporting between vendors due to inconsistent methodologies and timing. So, when I say inconsistent methodologies and timing, there's some vendors that report on incurred and then other vendors that report on paid.

And, so incurred is, I went to a provider on June 1st, that is my incurred date. But, the provider didn't submit the bill and the bill did not get -- that claim did not get processed by our TPA for two to three months. And so CAPITOL REPORTERS (775) 882-5322

that is the paid date. And so, really, when you've got that lag time between reporting, it can cause our vendor reports to not align.

And so, as a result, we have used the transition to new partners as an opportunity to more closely align reporting across the board and to improve the consistency and data.

So, by changing the -- Everything basically is -One simple change is to report solely on an incurred basis,
so that's that date of service, meaning that all of that data
that's reported is on that date of service versus on the date
the claim is paid.

I know for our accounting staff the paid date is easier. But, for terms that just in general in a health plan, you want to use that date of service because it's a more accurate reflection of what is happening in the plan.

So, in order to account for claim lag times, some changes will be made to the reporting schedule moving forward. These changes will allow for claims run out and capture a more accurate experience. So, as shown below in this table on page three, really the only report that's going to be impacted is in that fourth quarter where instead of presenting at the September board meeting, we will be presenting this at the November board meeting. So all the CAPITOL REPORTERS (775) 882-5322

utilization reports will be presented in November versus in September. And that just makes it so the reports that are -- the numbers and the data that is being presented is just a more accurate reflection of what's actually happened in the plan.

And the last thing that I'm actually really excited about is the compliance review. PEBP is required to undergo a compliance audit every other year. And that review is performed by PEBP's consultants, which is our actuaries, and focuses on the compliance with federal and state laws.

This year, though, PEBP has asked Segal to perform a more in-depth review to include best practices throughout the plan. This includes recommendations on the language and presentation of the master plan documents, as well as an assessment of the clinical aspects of the plan, so we're looking more at -- I know there's been some comments about, you know, equity on the prior authorizations and things like that. So we're really going to do a deep dive in to this and really look at our plan in a way that I don't think the program has ever, you know, undergone in a compliance review.

So, because of the more extensive analysis, the findings are going to be presented separately by subject matter as each section is presented -- is completed. PEBP CAPITOL REPORTERS (775) 882-5322

and Segal, we have already begun discussions and work on this project, so we hope to have a more definitive timeline of deliverables in the coming weeks.

The bottom line is you're going to start seeing the results of the compliance review probably starting maybe in the September board meeting, possibly not until the November board meeting. But we do hope to bring those reports and the findings to the board in separate sections as they get completed. So with that I will start with questions.

CHAIRPERSON FREED: Okay. Ms. Aiello.

MEMBER AIELLO: I just wanted to echo Laura about what you said about bringing up all of the different contracts in such a short period and implementing them. Having had to do some of those myself in my career, that is an extremely difficult thing to do so many concurrently, versus one or two at a time.

And so I just want to echo your statement about how wonderful a thing and thank you to the staff for doing that. And then maybe hopefully that will give a little bit more breathing room this next year to help staff with the overload. I know it doesn't help your phone answering unit or whatever. But they may be able to get a little more support or something. But I just wanted to reiterate that CAPITOL REPORTERS (775) 882-5322

it's amazing and commend the staff also. 1 CHAIRPERSON FREED: Thank you. 2 Ms. Bittleston. 3 MEMBER BITTLESTON: Thank you, Madam Chair. 4 Leslie Bittleston for the record. Would like to say to PEBP 5 staff, thank you for all of your hard work. That was really 6 good information shared by Executive Officer Rich. 7 8 I do have a quick question. As a data nerd 9 myself, you know, when we talk about incurred versus paid, I'm wondering -- And this may be my little bit of 10 11 ignorance -- is do we have, like, a document or something 12 that outlines to our vendors on the data that we need? know, so, do we outline that or do we just kind of rely on 13 what they give us? 14 15 You know, so I'm saying that from experience, you My experience is if we don't tell them exactly what we 16 need, they're just going to give us stuff we don't need. 17 MS. RICH: So Laura Rich for the record. 18 19 thing I do want to say -- Just both Betsy and Leslie mentioned -- they thanked the staff. I did want to say our 20 vendors have been amazing and I want to make sure they 21 22 receive the recognition as well. Because everyone really, 23 really worked hard on, you know, every organization, every 24 partner we have. CAPITOL REPORTERS (775) 882-5322

Leslie, to your question, yes, our vendors actually -- they accommodate our reporting requests pretty well for the most part. You know, anything that we've asked for, they're usually able to produce in one way or the other.

The reports that we have developed, we've actually been -- you'll probably see some differences in the reporting moving forward, because now our TPA, although it's -- it's a new TPA, although HealthSCOPE is part of UMR, you'll see new reporting. We are working with them to align the reporting and maybe even -- There's certain things that I like. For example, Health Plan of Nevada, they're our HMO and then UMR is our TPA. They're providing -- Both entities are providing very similar utilization reports per plan, right, but they're different. Because one is coming from HPN, the other one is coming from UMR.

I've asked to really -- There's things that I like out of the HPN reporting. There's things that I like out of the HealthSCOPE. And so we're looking to tweak all of those reports a little bit and that's already been a discussion that we had. And so you'll probably see some changes moving forward. I don't know if they're going to be major enough. But, yes, they are usually very accommodating to our reporting and anything that we request.

MEMBER BITTLESTON: No follow-up. Thank you. CAPITOL REPORTERS (775) 882-5322

CHAIRPERSON FREED: Okay. Other questions, 1 2 comments, thoughts on the entirety this time of the executive 3 officer's report? Okay. Seeing none, now we will really go on to 4 Agenda Item 6, our typical standing contract item. I'll turn 5 it over to I believe Ms. Weyland. 6 MS. WEYLAND: Good morning. For the record, my name is Michelle Weyland, W-e-y-l-a-n-d. I am the 8 9 administrative services officer here at Public Employees Benefits Program, and this morning, I will be presenting the 10 11 contract status report. 12 This report addresses the status of PEBP contracts to include contract overview, new contracts for 13 approval, contract amendments for approval, contract 14 solicitations for approval, and status of current 15 solicitation. 16 6.1, contracts overview, lists the active PEBP 17 18 contracts as of June 30, 2022. Currently there are no 19 actions necessary. 20 And so we will move on to 6.2, new contracts. 21 And PEBP does not currently have any new contracts for 22 ratification. Thank goodness. 23 6.3, contract amendments, ratifications. We have

one for Claims Technologies Inc. PEBP contracted with Claims CAPITOL REPORTERS (775) 882-5322

24

Technologies Inc. for health claim auditing services, which 1 became effective November 9, 2021, and has a termination date 2 of June 30, 2027. Effective May 1st, 2022, Claim 3 Technologies has acquired by Brown and Brown, Massachusetts, 4 This amendment is now there to document the name change 5 LLC. of the company and does not make any other changes to the 6 7 contract. PEBP recommends the board authorize staff to 8 9 amend the contract between PEBP and Claim Technologies, Inc. for health claim auditing services in Contract Number 24030 10 to change the vendor name to Brown and Brown, Massachusetts, 11 12 LLC. 6.4, contract solicitation. PEBP does not 13 currently have any contract solicitations for ratification. 14 15

And status of current solicitation. We are only currently working on the eligibility and enrollment system.

And they are in the very early stages of that.

I would be happy to take any questions from the board.

CHAIRPERSON FREED: Okay. Thank you very much. So the only action we need to take is 6.3.1, which, to confirm, that is just a no-cost reassignment of the vendor name. Is that going to August or September? Oh, I'm sorry.

That's not an action item at Board of Examiners.

CAPITOL REPORTERS (775) 882-5322

16

17

20

21

22

23

MS. WEYLAND: Michelle Weyland for the record.

Correct, that is a non-action item.

CHAIRPERSON FREED: Okay. Mr. Verducci, do you have a question?

5

6

7

8

9

- MEMBER VERDUCCI: Yes. Tom Verducci for the record. You know, I just wanted to point out that the E Scripts contract is showing an expiration of June 30th of the year 206. That was 1800 years ago before they had pharmacy benefits. I think that should read 2026.
- MS. WEYLAND: Michelle Weyland for the record.

 Mr. Verducci, I believe you are correct. I will double-check

 in that log and I do apologize for the oversight.
- 13 CHAIRPERSON FREED: Thank you for noting the typo, Mr. Verducci.
- 15 MEMBER VERDUCCI: No problem. And I also noticed that we have two contracts that look like they fall under NRS 16 17 287, Carson City Airport Authority and Clean Water Coalition. And I just wanted to point out the termination date goes in 18 19 to it looks like the year 2050. I don't think there's any expenditures. It appears to be an ongoing perpetual 20 contract. And, my question is, is that based on NRS that 21 22 there's no review of any contracts for that many years in the future? 23
- MS. WEYLAND: Mr. Verducci, I will need to get CAPITOL REPORTERS (775) 882-5322

- 1 back to you for that, because these contracts actually, I
- 2 believe, are expired. I will need to go check our log and
- 3 check those things as well.
- 4 MEMBER VERDUCCI: Thank you so much.
- 5 CHAIRPERSON FREED: Thank you very much,
- 6 Mr. Verducci.
- 7 All right. So I will accept a motion to approve
- 8 staff's recommendation for Item 6.3.1.
- 9 MEMBER BITTLESTON: This is Leslie Bittleston for
- 10 the record. So moved.
- 11 CHAIRPERSON FREED: Thank you. Do I have a
- 12 second?
- 13 MEMBER AIELLO: This is Betsy. I'll second.
- 14 CHAIRPERSON FREED: Thank you. All in favor
- 15 signify by saying aye.
- 16 (The vote was unanimously in favor of the motion)
- 17 CHAIRPERSON FREED: Any opposed say no. Okay.
- 18 Motion carries. Thanks very much.
- 19 Item 7 then is our second public comment period.
- 20 And I'll turn it over again to PEBP staff.
- 21 MR. HOPKINS: I'll work on that right now, Madam
- 22 Chair.
- 23 CHAIRPERSON FREED: Tyler, really quickly, I
- think Member Kelley has a question or a comment before we CAPITOL REPORTERS (775) 882-5322

- 1 start public comment.
- 2 MEMBER KELLEY: Yeah. Thank you, Laura. I'm
- 3 just wondering if you could share with the public where the
- 4 PEBP jobs are advertised for recruitment. Because I have
- 5 received a question about that.
- 6 MS. RICH: Sure. So all state jobs are
- 7 advertised on the state website. We can get that.
- 8 CHAIRPERSON FREED: I got it. Please go to HR
- 9 dot NV dot gov and it will have a link to the external
- 10 recruitment site on the DHRM website.
- MS. RICH: Tyler, sorry.
- MR. HOPKINS: No problem. I'll have that up in a
- 13 moment. As a reminder, Zoom is used for public comment only.
- 14 This meeting is streaming live on YouTube. If you want to
- 15 just listen in to the PEBP board meeting, the YouTube link is
- 16 located on the agenda.
- 17 For those who have joined for public comment,
- 18 your name or last four digits of the phone number we announce
- 19 and you will be advised you have been unmuted. As a reminder
- 20 for those on the phone, please press star six to unmute.
- 21 Would the caller last four of 6837, you have
- 22 permission to speak, if you wish to make public comment.
- 23 Please press star six to unmute.
- MR. ERVIN: Hello. This is Kent Ervin, K-e-n-t CAPITOL REPORTERS (775) 882-5322

E-r-v-i-n, for the Nevada Faculty Alliance. Thank you all for your service, and in particular to Members Aiello, Barnes, Bittleston, Kelley, Verducci, and Woodward for your questions on behalf of members today.

PEBP needs to look at all possible solutions for solving staffing problems both short term and long term.

In questioning retiree health care benefits for post-2011 hiring, it's important to restore these in order to make state public service attractive again. Because PEBP retiree benefits have always been provided on a pay-as-you-go basis and since 2009 are earned only after 15 years of service, the actual incremental cost to retroactively restore them for post-2011 hires is near zero for the next biennium. It's only the future potential liabilities that increase.

There are, however, methods to pre-fund retiree benefits without incurring future unfunded liability for the state, such as using a collective design benefit structure.

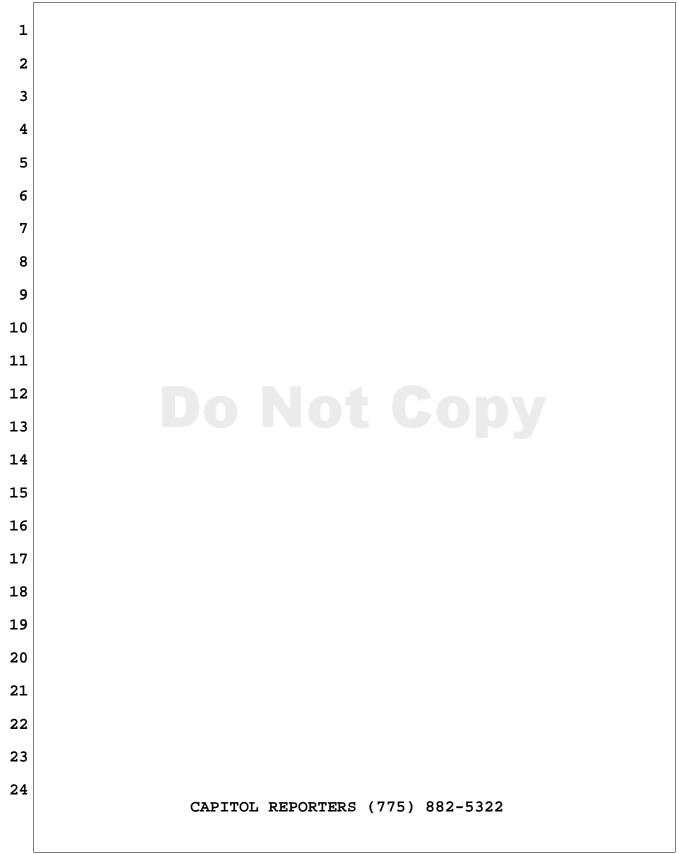

Such methods should be investigated to restore health care benefits for retirees, again, as a way to make state public service attractive again.

Thank you to all board members, Executive Officer Rich, and all of PEBP staff for your hard work during this difficult time. Thank you.

MR. HOPKINS: Thank you so much. CAPITOL REPORTERS (775) 882-5322

1	Will the caller with the last four 0137 please
2	slowly state and spell your name for the record and press
3	star six to unmute your phone if you wish to make public
4	comment. Would the caller with the last four digits of 0137,
5	press star six to unmute your phone if you wish to make
6	public comment.
7	Madam Chair, that is everyone for public comment.
8	CHAIRPERSON FREED: All right. Thank you very
9	much.
10	With that, we have come to the end of our
11	business. So it is 10:33 a.m. This is probably the fastest
12	PEBP board meeting I've ever chaired in my life. Everybody
13	stay cool. It's really hot out there today. And this
14	meeting is adjourned. Have a good one, folks.
15	(Hearing concluded at 10:33 a.m.)
