Public Employees' Benefits Program

Summary of Benefits and Coverage: What this Plan Covers & What You Pay For Covered Services
Consumer Driven Health Plan: PEBP Self-Funded Health Plan

Coverage Period: 07/01/2023 – 06/30/2024
Coverage for: Employee + Family| **Plan Type:** PPO

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit **www.pebp.state.nv.us**. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary/ or call 775-684-7000 or 1-800-326-5496 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-network: Employee only: $1,500 Family: $3,000 Individual w/in Family: $2,800. Out-of-network: Family: $3,000; Individual w/in Family $2,800	Generally, you pay all costs up to the deductible, except preventive services and certain copayments. Individuals within the family must meet their own individual deductible until the total expenses paid by all family members meets the overall family deductible. In-network and Out-of-Network Deductibles accumulate separately. Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-network Preventive care services are covered before you meet your deductible.	Some items and services covered if the deductible has not been met; however, a copayment or coinsurance may apply. Example: preventive services and medications on the preventive drug list. For more additional limitations, refer to the CDHP Master Plan Document (MPD). For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	The Plan does not include separate deductibles for specific services. Separate deductibles apply to network providers and out-of-network providers. You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Network providers: Employee only: $4,000; Family $8,000, individual within Family: $6,850. Out-of-network: Employee only: $10,600; Family $21,200	The in-network Out-of-pocket limit is the most an Individual or a Family must pay in a Plan Year for Eligible Medical Expenses. The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.

For more information about limitations and exceptions, see the Consumer Driven Health Plan Master Plan Document at www.pebp.state.nv.us.

What is not included in the out-of-pocket limit?	Penalties, premiums, balance-billing charges, excluded services, prescription drug copay assistance, non-covered services, and health care this plan doesn't cover.	Penalties you pay for failure to obtain required preauthorization, premiums, non-use of 30-day Express Advantage Network, non-compliance with 90-day retail/mail order, manufacturer-funded copay assistance, non-use of SaveonSP (for non-essential specialty drugs); penalties of balance-billing, and non-covered supplies and services. Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See **www.pebp.state.nv.us or call 1-888-763-8232** for a list of participating providers.	You will pay less if you use a network provider. You will pay more if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need specialist referral?	No.	You can see the specialist you choose without a referral.

For more information about limitations and exceptions, see the Consumer Driven Health Plan Master Plan Document at www.pebp.state.nv.us.

About these Coverage Examples:

This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
