Welcome PEBP Participant

Welcome to the State of Nevada Public Employees' Benefits Program (PEBP). PEBP provides a variety of benefits such as medical, dental, life insurance, flexible spending accounts, and other voluntary benefits for eligible state and local government employees, retirees, and their eligible dependents.

As a PEBP participant, you may enroll in whichever benefit plan offered in your geographical area that best meets your needs, subject to specific eligibility and Plan requirements. These plans include the Consumer Driven Health Plan (CDHP), Exclusive Provider Organization (EPO) Plan, Low Deductible PPO Plan, and Health Plan of Nevada HMO Plan. You are encouraged to research plan provider access and quality of care in your service area.

This document describes PEBP's PPO Dental Plan and Life Insurance Benefits. Members enrolled in a PEBP-sponsored medical plan (CDHP, EPO Plan, Low Deductible PPO Plan, or Health Plan of Nevada HMO Plan) receive dental and basic life. Retirees enrolled in a PEBP-sponsored medical plan receive dental coverage and, if eligible, basic life insurance coverage. Eligible retirees enrolled in a medical plan through PEBP's Medicare Exchange receive the choice to enroll in PEBP's voluntary PPO Dental Plan option and, if eligible, basic life insurance.

PEBP participants should examine this document to become familiar with the PPO Dental Plan and basic life insurance benefits. In addition to examining this document, participants are encouraged to read the Master Plan Documents or Evidence of Coverage Certificates (EOCs), Summary Plan Descriptions, and Summary of Benefits and Coverage applicable to their medical plan.

Participants should also examine the PEBP Enrollment and Eligibility, PEBP Active Employee Health and Welfare Wrap Plan Document, PEBP Retiree Health and Welfare Wrap Plan Document, Section 125, Medicare Exchange Health Reimbursement Arrangement Summary Plan Description, Health Reimbursement Arrangement Summary Plan Document, and other plan materials relevant to their benefits. These documents and other materials are available at <https://pebp.nv.gov/> or to request a particular document by mail, contact PEBP at 775-684-7000, (702) 486-3100, or 800-326-5496 or email member services by selecting the contact us feature in your E-PEBP portal member account.

PEBP encourages you to stay informed of the most up to date information regarding your health care benefits. It is your responsibility to know and follow the plan provisions and other requirements described in PEBP's Master Plan Document and related materials.

Sincerely,

Public Employees' Benefits Program

Introduction

This Master Plan Document describes PEBP's self-funded PPO Dental Plan benefits offered to eligible participants, retirees, and their covered dependents. Additional benefits for life insurance are summarized in this document.

This PEBP plan is governed by the State of Nevada.

The Plan and this document are intended to comply with Chapter 287 of the [Nevada Revised Statutes \(NRS\)](#), Chapter 287 of the [Nevada Administrative Code \(NAC\)](#), and all other applicable provisions of Nevada law. Additionally, PEBP intends to incorporate herein by reference and to comply with all applicable provisions of the Health Insurance Portability and Accountability Act (HIPAA).

The Plan described in this document is effective **July 1, 2024**, and unless stated differently, replaces other self-funded Dental Benefit Plan documents and summary plan descriptions previously provided to you.

This document will help you understand and use the benefits provided by the PEBP. You should review it and show it to members of your family who are or will be covered by the Plan. It will give you an understanding of the coverage provided, the procedures to follow in submitting claims, and your responsibilities to provide necessary information to the Plan. Be sure to read the *Exclusions*, and *Key Terms and Definitions* Sections. Remember, not every expense you incur for health care is covered by the Plan.

The provisions of this document contain important information. If you have any questions about your coverage or your obligations under the terms of the Plan, please contact PEBP at the number listed in the *Participant Contact Guide*.

PEBP intends to maintain this Plan indefinitely, but reserves the right to terminate, suspend, discontinue, or amend the Plan at any time and for any reason. As the Plan is amended from time to time, you will be sent information explaining the changes. If those later notices describe a benefit or procedure that is different from what is described here, you should rely on the later information. Be sure to keep this document, along with notices of any Plan changes, in a safe and convenient place where you and your family can find and refer to them.

The benefits offered with the CDHP, EPO Plan, Low Deductible PPO Plan, and Health Plan of Nevada include prescription drug benefits, dental coverage, and basic life insurance as applicable. The medical and prescription drug benefits are described in separately in the applicable plan's Master Plan Document or Evidence of Coverage certificate. An independent third-party claims administrator pays the claims for the PPO Dental Plan.

Per [NRS 287.0485](#), no officer, employee, or retiree of the State has any inherent right to benefits provided under the PEBP.

Summary of PPO Dental Benefits

Eligible Dental Expenses

You are covered for expenses you incur for most, but not all, dental services and supplies provided by a dental care provider as defined in the *Key Terms and Definitions* section of this document that are determined by PEBP or its designee to be “medically necessary,” but only to the extent that:

- The charges for them are “usual and customary (U&C)” (see Usual and Customary in the *Key Terms and Definitions* section).

Non-Eligible Dental Expenses

The plan will not reimburse you for any expenses that are not eligible dental expenses or medically unnecessary. That means you must pay the full cost for expenses that are not covered by the Plan, as well as any charges for eligible dental expenses that exceeds this Plan’s Usual and Customary determination.

Out-of-Country Dental Purchases

The PPO Dental Plan provides you with coverage worldwide. Whether you reside in the United States and you travel to a foreign country, or you reside outside of the United States, permanently or on a part-time basis and require dental care services, you may be eligible for reimbursement of the cost.

Typically, foreign countries do not accept payment directly from PEBP. You may be required to pay for dental care services and submit your receipts to PEBP’s third party administrator for reimbursement. Dental services received outside of the United States are subject to Plan provisions, limitations and exclusions, clinical review if necessary and determination of medical necessity. The review may include application of pertinent Food and Drug Administration (FDA) regulations.

Prior to submitting receipts from a foreign country to PEBP’s third party administrator, you must complete the following (PEBP and this Plan’s third-party administrator reserve the right to request additional information if needed):

- Proof of payment from you to the provider of service.
- Itemized bill to include complete description of the services rendered.
- Itemized bill must be translated to English.
- Any costs associated with the reimbursement request must be converted to United States dollars; and

Any foreign purchases of dental care and services will be subject to Plan limitations such as:

- Benefits and coverage under the Plan
- Deductibles

- Coinsurance
- Frequency maximums
- Annual benefit maximums
- Medical necessity
- FDA approval
- Usual and Customary (U & C)

Once payment is made to you or to the out of country provider, PEBP and its vendors are released from any further liability for the out of country claim. PEBP has the exclusive authority to determine the eligibility of dental services rendered by an out of country provider. PEBP may or may not authorize payment to you or to the out of country provider if the requirements of this provision are not satisfied.

Note: Please contact this Plan's third-party administrator before traveling or moving to another country to discuss any criteria that may apply to a dental service reimbursement request.

Deductibles

Each Plan Year, you must satisfy the Plan Year Deductible before the Plan will pay benefits for Basic or Major dental services. Eligible dental expenses for preventive services are not subject to the Plan Year Deductible or the annual maximum benefit. Benefits for some services are available four times each Plan Year, for example preventive cleanings and periodontal maintenance cleanings. Oral examinations and bitewing x-rays are available twice per Plan Year. If a person covered under this Plan changes status from an employee or retiree to a dependent, or from a dependent to an employee and the person is continuously covered under this Plan before, during and after the change in status, credit will be given for portions of the Deductible already met, and accumulation of benefit maximums will continue without interruption.

There are two types of Deductibles: Individual and Family. The Individual Deductible is the maximum amount one covered person must pay each Plan Year before plan benefits are available for Basic or Major dental services. **The Plan's Individual Deductible is \$100.** The Family Deductible is the maximum amount a family of three or more is required to pay in a Plan year. **The plan's family Deductible is \$300.** The Family Deductible is cumulative meaning that one member of the family cannot satisfy the entire Family Deductible. Both in- and out-of-network services are combined to meet your Plan Year Deductible.

Coinsurance

There is no Coinsurance amount for preventive services unless a non-PPO dental provider renders services. For Basic or Major dental services, once you have met your Plan Year Deductible, the Plan pays its percentage of the eligible Usual and Customary dental expenses, and you are responsible for paying the rest (the applicable percentage paid by the Plan is shown in the Schedule of Dental Benefits). The part you pay is called the Coinsurance. Note: Your out-of-pocket expenses will be less if you use the services of a dental care provider who is part of the Preferred Provider Organization (PPO), also called in-network.

Plan Year Maximum Dental Benefits

The Plan Year maximum dental benefits payable for any individual covered under this Plan is **\$2,000**. The Plan Year maximum dental benefit is combined to include both in-network and out-of-network services. Under no circumstances will the combination of in-network and out-of-network benefit payments exceed the Plan Year maximum benefit. This maximum does not include your Deductible or any amounts over Usual and Customary. Benefits paid for eligible preventive dental services do not apply to the annual maximum dental benefit.

There is no plan year maximum for dependent children under age 19.

Payment of Dental Benefits

When charges for dental services and supplies are incurred, services and supplies are considered to have been incurred on the date the services are performed or on the date the supplies are furnished. However, this rule does not apply to the following services because they must be performed over a period of time.

- Fixed partial dentures, bridgework, crowns, inlays and onlays: Services related to installation of fixed partial dentures, bridgework, crowns, inlays and onlays are considered to have been incurred on the date the tooth (or teeth) is (or are) prepared for the installation.
- Removable partial or complete dentures: Services related to the preparation of removable partial or complete dentures are considered to have been incurred on the date the impression for the dentures is taken.
- Root canal treatment (endodontics): Services related to root canal treatment are considered incurred on the date the tooth is opened for the treatment.

Extension of Dental Coverage

If dental coverage ends for any reason, the Plan will pay benefits for you or your covered dependents through the last day of the month in which the coverage ends. The Plan will also pay benefits for a limited time beyond that date for the following:

- A prosthesis (such as a full or partial denture) if the dentist took the impressions and prepared the abutment teeth while you or your dependents were covered and installs the device within 31 days after coverage ends.
- A crown, if the dentist prepared the crown while you or your dependent(s) were covered and installs it within 31 days after coverage ends.
- Root canal treatment, if the dentist opened the tooth while you or your dependent(s) were covered and completes the treatment within 31 days after coverage ends.

Dental Pretreatment Estimates

Whenever you expect that your dental expenses for a course of treatment will be more than **\$300**, you are encouraged to obtain a pretreatment estimate from the third-party claims administrator. This procedure lets you know how much you will have to pay before you begin treatment.

To obtain a pretreatment estimate, you and your dentist should complete the regular dental claim form (available from and to be sent to the third-party claims administrator, whose name

and address are listed on the *Participant Contact Guide* in this document), indicating the type of work to be performed also referred to as a treatment plan, along with supporting x-rays and the estimated cost (valid for a 60-day period following the submission of the pretreatment estimate request). Once it is received, the third-party claims administrator will review the treatment plan and then send your dentist a statement within the next 60 days showing what the Plan may pay. Your dentist may call the third-party claims administrator for a prompt determination of the benefits payable for a dental procedure.

Prescription Drugs Needed for Dental Purposes

Necessary prescription drugs needed for a dental purpose, such as antibiotics or pain medications, should be obtained using the prescription drug benefit provided under your medical plan.

NOTE: Some medications for dental purposes are not payable, such as fluoride or periodontal mouthwash. See the *Medical Exclusions* section under Drugs for more information.

Voluntary PPO Dental Plan Option for Medicare Retirees Enrolled through VIA Benefits

Medicare retirees enrolled in a medical plan through VIA Benefits (Medicare Exchange) and those retirees with Tricare for Life and Medicare Parts A and B who are eligible for a Medicare Exchange Health Reimbursement Arrangement (HRA) have the option to enroll in PEBP's PPO Dental Plan. Enrollment in PEBP's PPO Dental Plan requires automatic dental premium reimbursement from the retiree's Health Reimbursement Arrangement (HRA). The dental premium will only be reimbursed up to the amount in retiree's HRA. When the amount of the dental premium is more than the unused amount in the retiree's HRA, the amount of the premium will be carried forward in the retiree's HRA until the unused amount in the HRA is sufficient to reimburse for the dental premium.

Dental Network

In-Network Services

In-network dental care providers have agreements with the Plan under which they provide dental care services and supplies for a favorable negotiated discount fee for Plan participants. When a Plan participant uses the services of an in-network dental care provider, except with respect to any applicable deductible, the Plan participant is responsible for paying only the applicable Coinsurance for any medically necessary services or supplies. The in-network dental care provider generally deals with the Plan directly for any additional amount due.

The Plan's Preferred Provider Organization (PPO) is contracted with PEBP to provide a network of dental care providers located within a "service area" and who have agreed to provide dental care services and supplies for favorable negotiated discount fees applicable only to Plan participants. Because providers are added and dropped from the PPO network periodically throughout the year, it is the participant's responsibility to verify provider participation each time before seeking services by contacting the PPO network. The PPO dental network's telephone number and website are listed on the *Participant Contact Guide* in this document.

If you receive medically necessary dental services or supplies from a PPO dental care provider, you will pay less money out of your own pocket than if you received those same services or supplies from a dental provider who is not a PPO provider because these providers discount their fees. Using PPO dental care providers means that you can obtain more dental services before reaching your Plan Year dental benefit maximum. In addition to receiving discounted fees for dental services, the PPO provider has agreed to accept the Plan's allowed payment, plus any applicable Coinsurance that you are responsible for paying, as payment in full.

The directory of dental care providers is available at <https://pebp.nv.gov/>. To request a hard copy of the directory, please call the PPO Dental Network shown in the *Participant Contact Guide* in this document.

Out-of-Network Services

Out-of-network (non-network) dental care providers have no agreements with the Plan and are generally free to set their own charges for the services or supplies they provide. For participants receiving services outside of Nevada, the Plan will reimburse the Plan participant for the usual and customary charge for any medically necessary services or supplies, subject to the Plan's Deductibles, Coinsurance, copayments, limitations, and exclusions.

If a participant travels to an area serviced by the Plan's PPO network, the participant should use an in-network provider to receive benefits at the in-network benefit level. If a participant uses an out-of-network provider within this service area, benefits will be considered as out-of-network. In-network provider contracted rates for the Diversified Dental Las Vegas service area will apply to out-of-network dental claims in Nevada. The participant may be responsible for any amount billed by the out-of-network provider that exceeds the in-network provider contracted rate. Plan participants may be required to submit proof of claim before any such reimbursement is made.

Non-network dental care providers may bill the Plan participant for any balance that may be due in addition to the amount payable by the Plan, also called balance billing. You can avoid balance billing by using in-network providers.

[When Out-of-Network Providers May be Paid as In-Network Providers?](#)

If a participant lives more than 50 miles from an in-network PPO provider, resides, or travels outside of Nevada, benefits for an out-of-network provider will be considered at the in-network benefit level. Usual and customary allowance will apply. The participant may be responsible for any amount billed by the provider that exceeds the usual and customary allowance.

A “service area” is a geographic area serviced by the in-network dental care providers who have agreements with the Plan’s PPO dental network. If you and/or your covered dependent(s) live more than 50 miles from the nearest in-network dental care provider, the Plan will consider that you live outside the service area. In that case, your claim for services by an out-of-network dental care provider will be treated as if the services were provided in-network.

Self-Funded PPO Dental Claims Administration

How Dental Benefits are Paid

Plan benefits are considered for payment on the receipt of written proof of claim, commonly called a bill. Generally, health care providers send their bill to PEBP's third-party administrator directly. Plan benefits for eligible services performed by health care providers will then be paid directly to the provider delivering the services. When Deductibles, Coinsurance or copayments apply, you are responsible for paying your share of these charges.

If services are provided through the PPO dental network, the PPO dental provider may submit the proof of claim directly to PEBP's third-party administrator; however, you will be responsible for the payment to the PPO dental care provider for any applicable Deductible, Coinsurance, or copayments.

If a dental care provider does not submit a claim directly to PEBP's third-party administrator and instead sends the bill to you, you should follow the steps outlined in this section regarding *How to File a Claim*. If, at the time you submit your claim, you furnish evidence acceptable to the Plan Administrator or its designee (PEBP's third-party administrator) that you or your covered dependent paid some or all of those charges, Plan benefits may be paid to you, but only up to the amount allowed by the Plan for those services after Plan Year Deductible, Coinsurance and copayment amounts are met.

How to File a Dental Claim

Claims must be submitted to the Plan within 12 months from the date of service. No Plan benefits will be paid for any claim submitted after this period. Benefits are based on the Plan's provisions in place on the date of service.

Most providers send their bills directly to the PEBP's third-party administrator; however, for providers who do not bill the Plan directly, you may be sent a bill. In that case, follow these steps:

- Obtain a claim form from PEBP's third-party administrator or in your E-PEBP portal member account (see the *Participant Contact Guide* in this document for details on address, phone, and website).
- Complete the participant part of the claim form in full. Answer every question, even if the answer is "none" or "not applicable (N/A)."
- The instructions on the claim form will tell you what documents or medical information are necessary to support the claim. Your physician, health care practitioner or dentist can complete the health care provider part of the claim form, or you can attach the itemized bill for professional services if it contains the following information:
 - A description of the services or supplies provided including appropriate procedure codes.
 - Details of the charges for those services or supplies.
 - Appropriate diagnosis code.

- Date(s) the services or supplies were provided.
- Patient's name.
- Provider's name, address, phone number, and professional degree or license.
- Provider's federal tax identification number (TIN).
- Provider's signature.

Please review your bills to be sure they are appropriate and correct. Report any discrepancies in billing to the third-party administrator. This can reduce costs to you and the Plan. Complete a separate claim form for each person for whom Plan benefits are being requested. If another plan is the primary payer, send a copy of the other plan's explanation of benefits (EOB) along with the claim you submit to this Plan.

To assure that medical, pharmacy or dental expenses you incur are eligible under this Plan, the Plan has the right to request additional information from any hospital, facility, physician, laboratory, radiologist, dentist, pharmacy or any other eligible medical or dental provider. For example, the Plan has the right to deny deductible credit or payment to a provider if the provider's bill does not include or is missing one or more of the following components. This is not an all-inclusive list.

- Itemized bill to include but not be limited to: Proper billing codes such as CPT, HCPCS, Revenue Codes, CDT, and ICD 10.
- Date(s) of service.
- Place of service.
- Provider's Tax Identification Number.
- Provider's signature.
- Operative report.
- Patient ledger.
- Emergency room notes.

NOTE: Claims are processed by PEBP's third-party administrator in the order they are received.

NOTE: It is your responsibility to maintain copies of the explanation of benefits provided to you by PEBP's third party administrator or prescription drug administrator. Explanation of benefits documents are available on the third-party administrator's website application but cannot be reproduced.

[Where to Send the Claim Form](#)

Send the completed claim form, a copy of the bill you received, and any other required information to the third-party administrator at the address listed in the *Participant Contact Guide* in this document.

Dental Appeal Process

Written Notice of Denial of Claim

The Plan's third-party administrator will notify you in writing on an Explanation of Benefits (EOB) of an Adverse Claim Determination (see *Adverse Determination* in the *Key Terms and Definitions* section) resulting in a denial, reduction, termination, or failure to provide or make payments (in whole or in part) of a benefit. The notice will explain the reasons why, with reference to the Plan provisions as to the basis for the adverse determination and it will explain what steps to take to submit a Level 1 Claim Appeal.

You will be provided with:

- upon request and without charge, reasonable access to and copies of relevant documents, records, and other information relevant to your claim for benefits;
- the opportunity to submit written comments, documents, records, and other information relating to the claim for benefits;
- a full and fair review that considers comments, documents, records, and other information submitted by you, without regard to whether such information was submitted or considered in the initial benefit determination;
- automatically and free of charge, with any new or additional evidence considered, relied upon, or generated by the Plan (or at the direction of the Plan) in connection with the denied claim. Such evidence will be provided as soon as possible (and sufficiently in advance of the date on which the notice of Adverse Benefit Determination on review is required to be provided) to give you a reasonable opportunity to respond prior to that date.

Additionally, before the Plan issues an Adverse Benefit Determination on review based on a new or additional rationale, you will be provided, automatically and free of charge, with the rationale. The rationale will be provided as soon as possible (and sufficiently in advance of the date on which the notice of Adverse Benefit Determination on review is required to be provided) to give you reasonable time to respond prior to that date.

If the Plan receives new or additional evidence or rationale so late in the claim filing or claim appeal process that a claimant would not have a reasonable opportunity to respond, the period for providing a final determination is delayed until such time as the claimant has had such an opportunity.

When applicable, the notice will explain what additional information is required from you and why it is needed. A participant or their designee cannot circumvent the claims and appeals procedures by initiating a cause of action against the PEBP (or the State of Nevada) in a court proceeding.

The appeal process works as follows:

[Level 1 Claim Appeal](#)

[NAC 287.670](#)

If your claim is denied, or if you disagree with the amount paid on a claim, you may request a Level 1 Claim Appeal from the third-party administrator within 180 days of the date you received the Explanation of Benefits (EOB) which provides the claim determination. Failure to request a Level 1 Claim Appeal in a timely manner will be deemed to be a waiver of any further right of review of appeal under the Plan, unless good cause can be demonstrated. The written request for appeal must include:

- The name and Social Security Number, or identification number of the participant.
- A copy of the EOB related to the claim being appealed; and
- A detailed written explanation why the claim is being appealed.

You have the right to review documents applicable to the denial and to submit your own comments in writing. The third-party administrator will review your claim (by a person at a higher level of management than the one who originally denied the claim). If any additional information is needed to process your request for appeal, it will be requested promptly.

The third-party administrator will issue a decision of your Level 1 Claim Appeal in writing within 20 days after receipt of your request for appeal.

You will receive a notice of the appeal determination. If that determination is adverse, it will include at each level of the appeal review, the following:

- (a) information that is sufficient to identify the claim involved (e.g., date of service, health care provider, claim amount if applicable);
- (b) the statement that, upon request and free of charge, the diagnosis code and/or treatment code, and their corresponding meanings, will be provided. However, a request for this information will not be treated as a request for a 2nd level of appeal or external review (when external review is applicable);
- (c) the specific reason(s) for the adverse appeal review decision, including the denial code and its corresponding meaning and a discussion of the decision, as well as any Plan standards used in denying the claim;
- (d) reference the specific Plan provision(s) on which the determination is based;
- (e) a statement that you are entitled to receive upon request, free access to and copies of documents relevant to your claim;
- (f) an explanation of the Plan's appeal process and Level 2 appeal process and the external review process (when external review is applicable), along with any time limits and information regarding how to initiate the next level of review, as well as a statement of the voluntary Plan appeal procedures, if any;
- (g) if the denial was based on an internal rule, guideline, protocol or similar criterion, a statement will be provided that such rule, guideline, protocol, or criteria that was relied upon will be provided free of charge to you, upon request;
- (h) if the denial was based on medical necessity, experimental treatment, or similar exclusion or limit, a statement will be provided that an explanation regarding the scientific or clinical judgment for the denial will be provided free of charge to you, upon request;

- (i) the statement that “You and your Plan may have other voluntary dispute resolution options such as mediation. One way to find out what may be available is to contact your local U. S. Department of Labor Office and your State insurance regulatory agency;” and

disclosure of the availability of, and contact information for, any applicable health insurance consumer assistance or ombudsman established under the Public Health Services Act to assist individuals with internal claims and appeals and external review processes (when external review is applicable).

The notification will explain the steps necessary if you wish to proceed to a Level 2 Appeal if you are not satisfied with the response at Level 1.

[Level 2 Claim Appeal](#)

[NAC 287.680](#)

If you are unsatisfied with the Level 1 Claim Appeal decision made by the third-party administrator, you may file a Level 2 Claim Appeal to the PEBP Executive Officer or designee by completing a Claim Appeal Request form. Claim Appeal Request forms are available at <https://pebp.nv.gov/> or by request by contacting PEBP Customer Service at 775-684-7000, 702-486-3100, or 800-326-5496. Furthermore, you are welcome to submit Level 2 Claim Appeals online through a form that can be found under the subheading “Filing an Appeal” under PEBP’s contact us web page. A Level 2 Appeal must be submitted to PEBP within 35 days after you receive the Level 1 Appeal determination. Your Level 2 Appeal must include a copy of:

- Any document submitted with your Level 1 Appeal request.
- A copy of the Level 1 Appeal decision; and
- Any documentation to support your request.

The Executive Officer or designee will use resources available to ensure a thorough review is completed in accordance with provisions of the Plan.

A Level 2 Appeal decision will be given to you in writing by certified mail within 30 days after the Level 2 Appeal request is received by the Executive Officer or designee. A Level 2 Appeal determination will explain and reference the reasons for the decision, including the applicable provisions of the Plan upon which the determination is based.

[Standard Request for External Claim Review](#)

[NAC 287.690](#)

An External Claim Review may be requested by a participant and/or the participant’s treating physician after exhausting the Level 1 and Level 2 Claim Appeals process. This means that you may have a right to have the Plan’s or its designee’s decision reviewed by independent health care professionals if the adverse benefit determination involved making a judgment as to the medical necessity, appropriateness, health care setting, level of care or effectiveness of the health care setting or treatment you requested.

An External Claim Review request must be submitted in writing to the Office for Consumer Health Assistance (OCHA) within four (4) months after the date of receipt of a notice of the Level 2 Claim Appeal decision. An *External Review Request Form* is available on the PEBP website at

<https://pebp.nv.gov/>. The OCHA will assign an independent external review organization within five (5) days after receiving the request. The external review organization will issue a determination within 15 days after it receives the complete information. For standard Request for External Claim Review, a decision will be made within 45 days of receiving the request.

A Request for External Claim Review must include:

- completed and signed External Review Request Form.
- a copy of the EOB(s) related to the claim(s) being reviewed.
- a detailed written explanation why the external review is being requested; and
- any additional supporting documentation.

The Request for External Claim Review must be submitted to:

Coordination of Benefits (COB)

For information, refer to the separate PEBP Health and Welfare Wrap Document available at <https://pebp.nv.gov/> under “4.4 Coordination of Benefits” ([NAC 287.755](#)).

Which Benefits are Subject to Coordination?

When Participants have medical, dental or vision coverage from some other source, benefits are determined using Coordination of Benefits (COB). COB operates so that one of the plans (i.e., the primary plan) will pay its benefits first. The other plan or policy, (i.e., the secondary plan) may then provide additional benefits. In no event will the combined benefits of the primary and secondary plans exceed 100% of the medical or dental allowable expenses incurred. Sometimes the combined benefits that are paid will be less than the total expenses.

Participants must let the Plan Administrator, or its designee, know about other coverages when submitting a claim. If the PEBP Plan is secondary coverage, the Participant will be required to meet their PEBP Plan Year medical and dental deductibles. This Plan’s prescription drug benefit does not coordinate benefits for prescription medications, or any covered over the counter (OTC) medications, obtained through retail or home delivery pharmacy programs. There will be no coverage for prescription drugs under this Plan if a Participant has additional prescription drug coverage that is primary.

For the purposes of this COB section, the word “plan” refers to any group or individual medical or dental policy, contract, or plan, whether insured or self-insured, that provides benefits payable for medical or dental services incurred by the covered individual either on an individual basis or as part of a group of employees, retirees or other individuals.

A Participant in a fully insured plan seeking to obtain payment of benefits shall follow and be bound by the COB procedures under such fully insured plan and the rules and procedures described in such fully insured plan’s applicable Summary of Insurance.

A Participant in a self-insured plan seeking to obtain payment of benefits shall follow and be bound by the COB procedures set forth in this Section 4.4. The PEBP delegates to the third-party administrator of such self-insured plan the duty to administer and interpret the provisions of this Section 4.4. and to adopt, document and communicate any rules and procedures necessary or appropriate to implement the COB procedures, as set forth herein:

Which Plan Pays First: Order of Benefit Determination Rules

PEBP uses the order of benefit determination rules established by the National Association of Insurance Commissioners (NAIC), and which are commonly used by insured and self-insured plans. Any plan that does not use these same rules always pays its benefits first.

When two plans cover the same person, the following order of benefit determination rules establish which plan is the primary plan (pays first) and which is the secondary plan (pays second). If the first of the rules does not establish a sequence or order of benefits, the next rule is applied, and so on, until an order of benefits is established.

These rules are detailed in the separate PEBP Health and Welfare Wrap Document available at <https://pebp.nv.gov/> under “4.4 Coordination of Benefits” ([NAC 287.755](#)).

Coordination with Medicare

Coordination with Medicare is not applicable for retirees and their dependents who are eligible for Medicare Part A and Medicare Part B and who are required to transition to the Medicare Exchange.

This Plan has coordination of benefits for Medicare as it relates to:

- Entitlement to Medicare Coverage,
- When the Participant Is Not Eligible for Premium Free Medicare Part A,
- Coverage Under Medicare and This Plan When a Participant has End-Stage Renal Disease (ESRD),
- How Much This Plan Pays When It Is Secondary to Medicare,
- When the Retiree or the Retiree’s Covered Spouse or Domestic Partner is Enrolled in Medicare Part B,
- When the Participant Enters Into a Medicare Private Contract

For details, refer to the separate PEBP Health and Welfare Wrap Document available at <https://pebp.nv.gov/> under “4.4 Coordination of Benefits” ([NAC 287.755](#)).

Coordination with Other Government Programs

This Plan has coordination of benefits as it relates to:

- Medicaid,
- Medicare,
- Tricare,
- Veterans Affairs,
- Worker’s Compensation, and
- Medicare Disability.

For more details, refer to the separate PEBP Health and Welfare Wrap Document available at <https://pebp.nv.gov/> under “4.4 Coordination of Benefits” ([NAC 287.755](#)).

Third Party Liability and Subrogation

Subrogation and Rights of Recovery

Subrogation applies to situations where the Participant is injured, and another person or entity is or may be responsible, liable, or contractually obligated, for whatever reason, for the payment of certain damages or claims arising from or related in any way to the Participant's injury (the "Injury"). These damages or claims arising from the Injury, irrespective of the way they are categorized, may include, without limitation, medical expenses, pain and suffering, loss of consortium, and/or wrongful death. The Plan has a right of subrogation irrespective of whether the damages or claims are paid or payable to the Participant, the Participant's estate, the Participant's survivors, or the Participant's attorney(s). Any and all payments made by the Plan for which it claims a right of subrogation are referred to as Subrogated Payments.

The subrogation provision provides the Plan with a right of recovery for certain payments made by the Plan, irrespective of fault, or negligence wrongdoing. Any and all payments made by the Plan relating in any way to the injury may be recovered directly from the other person or from any judgment, verdict or settlement obtained by the participant in relation to the injury.

The Participant must cooperate fully, at all times, and provide information needed or requested by the Plan to recover payments, execute any papers necessary for such recovery, and do whatever is necessary or requested in order to secure and protect the Subrogation rights of the Plan. The Participant's required cooperation includes, but is not limited to, the following actions, which must be performed immediately, upon request by the Plan:

- 1) Executing an acknowledgment form or other document acknowledging and agreeing to protect the Plan's right of Subrogation.
- 2) Cooperating and participating in the Plan's recovery efforts, including but not limited to participating in litigation commenced or pursued by the Plan or its Board; and
- 3) Filing a claim or demand with another insurance company, including but not limited to the Participant's own first party insurance policy or another person's or entity's insurance policy.

Refer to the separate PEBP Active Employee Health and Welfare Benefits Wrap Plan Document and PEBP Retiree Health and Welfare Benefits Wrap Plan Document available at <https://pebp.nv.gov/> for more information regarding third party liability and subrogation.

Key Terms and Definitions

The following terms or phrases are used throughout the MPD. These terms or phrases have the following meanings. These definitions do not, and should not be interpreted to, extend coverage under the Plan.

Accident: A sudden and unforeseen event that is not work-related, resulting from an external or extrinsic source.

State: When capitalized in this document, the term State means the State of Nevada.

Subrogation: This is a technical legal term for the right of one party to be substituted in place of another party in a lawsuit. See the *Third Party Liability* section of this document for an explanation of how the Plan may use the right of subrogation to be substituted in place of a covered individual in that person's claim against a third party who wrongfully caused that person's injury or illness, so that the Plan may recover medical benefits paid if the covered individual recovers any amount from the third party either by way of a settlement or judgment in a lawsuit.

These symptoms may be associated with conditions such as malocclusion (failure of the biting surfaces of the teeth to meet properly), ill-fitting dentures, or internal derangement of the TMJ.

Topical: Painting the surface of teeth, as in a fluoride treatment or application of a cream-like anesthetic formula to the surface of the gum.

Usual and Customary Charge (U&C): While your medical or dental care provider may charge whatever they feel services are worth, the Plan has the right to determine what it will allow as the usual and customary charge, sometimes referred to as usual and customary fee or allowable fee or prevailing fee. The usual and customary charge for medically necessary services or supplies will be determined by the claims administrator or Plan Administrator and will be the lowest of:

- With respect to a PPO (in-network) participating medical health care or dental care provider, the fee set forth in the agreement between the PPO network or the claims administrator or the Plan Administrator and the participating medical health care or dental care provider. or
- The medical health care or dental care provider's actual charge; or
- The usual charge by the medical health care or dental care provider for the same or similar service or supply.
- For out-of-network medical or dental services, no more than the 70th percentile of fair health. FAIR Health is a national schedule of prevailing health care charges that is updated twice per year. Information regarding FAIR Health is located on the PEBP website.
- For services provided by an out-of-network medical or dental care provider that are not addressed by FAIR Health, the claims administrator, or the Plan Administrator may refer to the PPO (in-network) fee schedule of the nearest (geographically) or the most prevalently used PPO provider of the nearest

(geographically) for the same or similar service when determining the usual and customary charge by the out-of-network provider.

The “prevailing charge” of most other health care or dental care providers in the same or similar geographic area for the same or similar health care service or supply will be determined by the claims administrator using proprietary data that is provided by a reputable company or entity and is updated no less frequently than annually. The Plan will not always pay benefits equal to or based on the health care or dental care provider’s actual charge for health care services or supplies, even after you have paid the applicable Deductible and Coinsurance. This is because the Plan covers only the usual and customary charge for health care services or supplies. Any amount in excess of the usual and customary charge does not count toward the Plan Year’s Out-of-Pocket Maximum. The usual and customary charge is sometimes referred to as the U & C charge, the reasonable and customary charge, the R & C charge, the usual, customary, and reasonable charge, or the UCR charge. Note: to obtain the most current, usual and customary amount, please contact PEBP’s claims administrator, listed in the *Participant Contact Guide* in this document. You must provide the claims administrator with the specific procedure code, provider name and the zip code for the location where the procedure will take place. This service is only available to PEBP plan participants.

NOTE: The Claims Administrator has the discretionary authority to determine the usual and customary charge based upon standards set forth by the Plan Administrator.

Visit: See the definition of Office Visit.

You, your: When used in this document, these words refer to the employee or retiree who is covered by the Plan. They do not refer to any dependent of the employee or retiree.
