Important Questions	Answers	Why This Matters:
What is the overall <u>deductible</u> ?	In-Network: Employee only: \$100 Family: \$200, Individual within the Family: \$100 Out-of-Network: N/A	Generally, you pay all costs up to the <u>deductible</u> , except <u>preventive services</u> and certain <u>copayments</u> . Individuals within the family must meet their own individual <u>deductible</u> until the total expenses paid by all family members meets the overall family <u>deductible</u> . In-network and Out-of-Network <u>Deductibles</u> accumulate separately. Generally, you must pay all the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your <u>deductible</u> ?	Yes. In-network <u>Preventive care</u> services are covered before you meet your <u>deductible</u> .	Some items and services covered if the <u>deductible</u> has not been met; however, a <u>copayment</u> or <u>coinsurance</u> may apply. Example: <u>preventive services</u> and medications on the preventive drug list. For more additional limitations, refer to the EPO Master <u>Plan</u> Document (MPD). For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/

What is the <u>out-of-pocket limit</u> for this <u>plan</u> ?	In-network: Individual: \$5,000/Family \$10,000, Individual within Family: \$5,000. Out-of-network providers: N/A	The <u>Out-of-pocket limit</u> is the most an Individual or a Family will pay in a <u>Plan</u> Year for Eligible Medical Expenses. The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they must meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit</u> ?	Penalties, <u>premiums</u> , <u>balance-billing</u> charges, <u>excluded services</u> , <u>prescription drug copay</u> assistance, non-covered services, and health	<u>Out-of-pocket limit</u> excludes penalties you pay for failure to obtain required <u>preauthorization</u> , <u>premiums</u> , <u>copay</u> surcharge for not using Express Advantage <u>Network</u> for short-term medications, failure to use 90-day retail/mail order for long-term medications, <u>copay</u> assistance dollars, failure to participate in the SaveOnSP (for non-essential <u>specialty drugs</u>);

	care this <u>plan</u> doesn't cover.	<u>balance billing</u> and non-covered supplies and services. Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a <u>network provider</u>?	Yes. See https://pebp.nv.gov or 1-888-763-8232 for a list of participating <u>providers</u> .	<p>You will pay less if you use a <u>provider</u> in the <u>plan's network</u>. You will pay more if you use an <u>out-of-network provider</u>, and you may receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>).</p> <p>This <u>plan</u> uses a <u>provider network</u>. You will pay less if you use a <u>provider</u> in the <u>plan's network</u>. You will pay the most if you use an <u>out-of-network provider</u>, and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (<u>balance billing</u>).</p> <p>Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.</p>
Do you need a <u>referral</u> to see a <u>specialist</u>?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .
