IMPORTANT E-PEBP PORTAL UPDATE

Dear PEBP Member,

On March 24th, the PEBP Board approved the issuance of a contract termination to LSI inc. As a result, the Public Employees' Benefits Program (PEBP) will be transitioning back to the Enrollment and Eligibility system used prior to 1/3/2022, effective 5/2/2022.

This means:

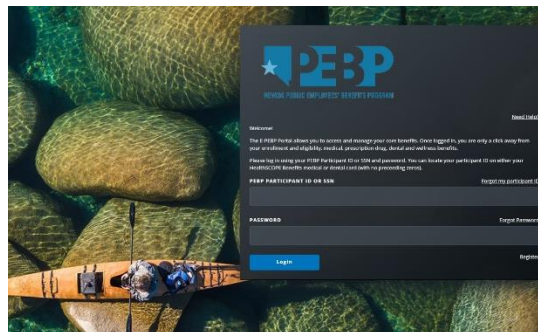

- THE BENEFITPLACE PORTAL WILL BE USED UNTIL APRIL 18TH. THE E-PEBP PORTAL WILL REVERT TO THE PREVIOUSLY USED VERSION ON 5/2/2022. You will be unable to access the current Benefitplace E-PEBP portal from 4/18/2022 until the new portal is live on 5/2/2022.
- If you wish to make any changes to your medical plan you must do so during Open Enrollment, which is from May 16th through May 31st, 2022.
- If you want to view or make any changes to your Health Savings Account (HSA) or view your Health Reimbursement Account (HRA) you will do so through your portal, using the single sign on feature for HealthScope Benefits (HSB). In June, modifications to your HSA **cannot** be made. If you have any questions, please contact HSB.
- Effective 5/1/22 voluntary benefits will be managed through Corestream. Voluntary Benefit policies will transition automatically, and no action is needed. If you have any questions regarding your policies, please contact Corestream at 1-855-901-1100. If you have any billing questions for policies you enrolled in from January to April, please contact Benefitfocus at 1-855-915-6381. Liberty Mutual policies for NSHE and central payroll employees will be deducted out of your payroll effective 5/1/2022.

How to Access Your E-PEBP Portal:

1. Access the E-PEBP portal through PEBP's website <https://pebp.state.nv.us>. Click the orange login button on the top right corner then you will be directed to the below login screen.

Logging onto your E-PEBP portal gives you access to:

- View your elections
- Designate beneficiaries
- Complete open enrollment
- View and manage voluntary benefits
- Express Scripts and HealthScope Benefits
- Submit qualifying life events to add or remove dependents from your plan

2. To login you will use your PEBP ID# or your full social security number without any dashes. New Hires after 1/1/2022 will have to register and create a new account.

Sincerely,
The Public Employees' Benefits Program
