Dear PEBP Member,

PEBP and Via Benefits will host a series of informational webinars on March 21st and March 22nd for Pre-Medicare and Medicare retirees (and their covered dependents). While no action is required, if you plan to attend the webinar **you will need to register**. You can register by accessing the URL for the respective meeting you would like to attend in the table below. You can also go to my.viabenefits.com/PEBP to access the registration link(s). From the landing page scroll down to the 'Important Messages' section and find the subheading 'Live Webinar Presentation'. Choose the date and time of the live online virtual meeting you wish to attend and then click the hyperlink to register.

Allow your computer to install the **GoToWebinar** software and complete the registration form. A successful registration confirmation and all necessary information about how to join the meeting will be sent to the email you have provided. Save the meeting time and date on your personal calendar as a reminder. You should only register for one meeting depending on which category fits your needs.

Pre-Medicare/Aging into Medicare Meeting:

This meeting is for those still enrolled on the PEBP Consumer Driven Health Plan (PPO), Low Deductible PPO (LD PPO), PEBP Premier Plan (EPO), or Health Plan of Nevada (HMO) who have not yet enrolled in Medicare and would like an overview of how to make that transition once they turn 65 or retire. Within the next year, if you will be turning 65 and/or enrolling in Medicare after you retire, this webinar will provide an overview of the enrollment process, HRA funding, and PEBP's Medicare requirements.

Via Benefits HRA/Already Medicare:

If you are *already enrolled* through Via Benefits, you are **not required to take any action**. This meeting is for members enrolled through Via Benefits who would like more information on how to use the Health Reimbursement Arrangement (HRA) account to help pay for your out-of-pocket health care expenses and/or health care premiums.

Please see the chart on the next page for the link to register for each webinar. There is also a phone number and code for those who will not be able to join the webinar. Please note these phone numbers are not toll free. It is highly recommended that you register and attend the actual webinar rather than just call in so that you can see and listen to the presentation at the same time.
