What is a Health Savings Account (HSA)?

An HSA is an account that can be used to pay for qualified medical expenses such as copays, dental, vision and prescriptions for those enrolled in a high deductible plan such as the CDHP. Those with an HSA may be eligible to contribute pre-tax money to fund this account on their own. An HSA is owned by the account holder and remains with the account holder until the fund balance is exhausted.

What is a Health Reimbursement Arrangement (HRA)?

An HRA is an account that can be used to pay for qualified medical expenses such as copays, dental, vision and prescriptions. Members are not able to contribute to an HRA and this account is owned by the employer. If a member disenrolls from PEBP, their HRA balances are forfeited.
