

What You Need to Know About the Nevada Health Authority (NVHA)

Our goal is to create a healthy, thriving Nevada by providing easy access to quality, affordable care and driving innovation in health care.

What is Changing?

- The Nevada Health Authority will now include Medicaid, Nevada Health Link, and Public Employees Benefits Program (PEBP).
- These agencies will work together to simplify and improve your health care experience.
- Nevada Health Authority will enhance efficiency by reducing duplication and negotiating better health care deals for Nevadans.

What is Staying the Same?

- Your health care benefits and providers will not change.
- All current services will continue without interruption, now with even more resources and support.

Why did Nevada make this change?

- Passed unanimously through Nevada's 83rd Legislative Session to combine strengths and resources, and support better access to better health care for Nevadans.
- To improve quality and access to health care services through unified leadership.
- To responsibly manage resources and ensure long-term sustainability for Nevada's health programs.
